Claims Only Madmen Will Start Fighting

MOSCOW (UPI)—Soviet Premier Nikita S. Khrushchev said tonight that the Soviet Union will sign a peace treaty with East Germany but that he does not think such a treaty will lead to war.

Speaking at a Kremlin reception for spaceman Maj. Gherman Titov, Khrushchev said that no threat would intimidate the Soviet Union.

Khrushchev said that only "madmen can respond by war to a peace offer," the official Soviet Tass News Agency reported.

Tass said that Khrushchev told the reception guests that "the Soviet people want peace, a stable peace for all peoples."

According to Tass, he said that if an agreement could be reached on "general and complete disarmament," large sums of money could be diverted from military spending to raise living standards.

Arguing that the Soviet Union will do all it can to achieve disarmament and "sink all arms in the ocean," he told an elite audience of Soviet citizens and foreign ambassadors that Soviet scientists have proposed the construction of a bomb equivalent to 100 million tons of TNT. He said that he told U.S. disarmament adviser John McCloy and Italian Premier Amintore Fanfani that there is no end to the arms race, as exemplified by the proposal to build a 100-million-ton bomb, which Soviet rocketeers told him could be launched.

Raising his voice and getting more emotional, Khrushchev addressed himself to what he called partisans of war and said:

"Fools, what are you doing? Is this your version of the future?

"We tell our people that the Communist Party and the Soviet government will do all in their power to prevent war. We do not want war. But if war is unleashed, we are ready to muster all our means and resources against the aggressor.

About Germany, Khrushchev said:

"No threat will frighten us and we will sign a peace treaty with Germany. We consider that there will be no war threat after this because only lunatics would answer with war and invite counter-measures. But, there are madmen, so this possibility cannot be excluded. We are not threatening anybody. If anyone attacks us, he will be committing suicide.

"We are spending money on rockets and nuclear weapons which we will use only if we are attacked."

Turning toward Titov and his family, Khrushchev said:

"We do not want to cast a shadow over this joyous celebration, but such is the grim realty which could develop tomorrow. We are realists and believe reason will triumph.

"The sun will follow the clouds. We will do everything, everything, everything to avoid war."

Khrushchev asked: "Why should we attack?"

"We are better off today than yesterday, and tomorrow we shall be even better off," he said. "We want peace, but if anyone thinks he can scare us let him think of Lenin 44 years ago.

SWIM DISPUTE

Councilmen Have Heart In Novato

By ELLEN BRY

The Novato City Council last night declined to budget $150 to aid a citizen-sponsored swim program; instead councilmen promised to dig into their own pockets for the money.

They were saved by the arrival of Dr. Sidney R. Kerston, president of the Novato Rotary Club, just as the council adjournment gavel was being pounded.

Kerston promised that the club, sponsor of the swimming lesson program, would come up with the funds.

"We do not think the city councilmen should pony up anything out of their own pockets," Kerston said, to the cheers of spectators.

The swimming instruction program of half-hour lessons began this morning at the Skylark Motel pool on Highway 101 opposite Hamilton Air Force Base. The six classes, Monday, Wednesday and Friday, are filled with 100 youngsters for the three-week program.

Alto Lerch, a member of the Rotary Club but who said he was speaking only as an individual, touched off the hour-long discussion on swimming with a request that the city help underwrite the program.

In addition, Rotary was paying some $100 in instructors' fees and insurance and the one dollar entry fee per child was paying for a portion of the pool rental, Lerch said. But $150 was needed for the rest of the pool rental.

Hearing murmers against the program from some spectators, Lerch charged that "opposition lies with the doodler, not the doer."

He was backed by an emotional plea by Mrs. John Machado and a near-tears request for funds by Mrs. William Carpenter. Both the women are volunteer workers on the project.

But from Mrs. Thomas Foley came the comment that they were "putting the cart before the horse—we all want a (city) swimming pool." She said the program would serve only a few children and complained that not enough notification of signup for the swimming lessons had been given.

"My children are too young

BIG SHOPPING CENTER FOR MILL VALLEY

Proposal for a $310,000 shopping center in Mill Valley between Miller Avenue and Arroyo Corte Madera Del Presidio Creek, was announced today by real estate broker David F. Benson.

Benson said plans for the mall-type 54,000 square foot center would include 15 stores and a two-story office building. George C. Goheen Sr. is owner of the land. The center would be developed by the Tri-Co Development Co., which Benson heads.

Benson, who lives in San Anselmo, said he is also working on another project to develop property adjoining the Bothin property on Camino Alto and Miller Avenue, Mill Valley.

School Budget Boosts Taxes For Larkspur

A $752,019 budget for 1961-62, calling for a 54-cent tax increase, was adopted last night by the Larkspur School District board.

The budget is nearly $100,000 more than the $652,261 for the past year.

The tax rate will be about $1.80 per $100 assessed valuation for operating expenses, with an override of 40 cents, making a total of $2.20, said Supt. Vaughn D. Seidel. Last year's tax rate was $1.35 for operating expenses with a 31-cent override for a total of $1.66.

The district will have nine additional teachers and operate four schools this year, Seidel said.

The district's summer school session started with 454 enrolled and ended with 387 in attendance, reported Douglas Lindauer, summer school principal.

Rabid Calf Disclosed In County

A case af rabies in a dairy calf in Northwest Marin was disclosed today by Dr. Carolyn B. Albrecht, county health officer.

The calf was among the herd at Blake's Landing Farms near Marshall. Herbert Angress, one of the owners of the farm, is taking rabies prevention shots because he put his hand in the animal's mouth, Dr. Albrecht said.

Although there were cases of rabies among Marin cattle almost annually during the 1940s, this is the first such case since a cow in Lucas Valley was found to be rabid in 1958, the health officer said. Five rabid skunks have also been found in Marin this year.

The 3-month-old calf, which had never been out of the barn and corral, became ill, staggered and could not swallow last month, Dr. Albrecht said.

It died July 21, and a Petaluma veterinarian diagnosed the cause of probably rabies. Preliminary tests by the county health department also indicated rabies, Dr. Albrecht said, so the calf's head was sent to the California Department of Public Health laboratories in Berkeley. Confirmation of the rabies diagnosis arrived from there last week.

Angress, co-owner with William Straus of Blake's Landing Farms, had put his hand in the calf's mouth while trying to find what ailed it. The calf did not bite him, but there was an open wound on his hand so rabies shots were ordered in case of possible infection, the health officer reported.

A RIOT OF KISSING

Moscow Pulls Out All The Stops In Big Reception For Space Man

MOSCOW (UPI) — Soviet Premier Nikita Khrushchev, between bear hugs and kisses showered on Maj. Gherman Titov at a huge Moscow welcome for the spaceman, said today "the time is not far off when we will have manned flights to the moon and other planets."

And such are communism's achievements, he told tens of thousands of cheering muscovites in Red Square, that "sooner or later the whole world will follow our path to communism."

Titov, who spoke before Khrushchev, said his multi-orbital flight around the world in space and its return to an exact pre-arranged landing spot proved that cosmonauts now can "land spaceship-satellites at any place on earth."

Khrushchev, however, stressed that "our powerful rockets, which are not matched anywhere in the world, are used for peaceful purposes."

"The data obtained by our cosmonauts," he said, "will become the common property of all scientists of all countries, and all mankind."

Socialism, Khrushchev told the crowd, was "the launching pad of the Soviet Union." Titov's flight reflected the might of Soviet industry and science, and the Soviet desire for peace and friendship in the world.

Vostok II did not carry atom bombs," he said, "but peaceful instruments."

After announcing that Titov had been awarded the medals of hero of the Soviet Union and "flier-cosmonaut of the Soviet Union," Khrushchev turned to Titov and pioneer spaceman Yuri Gagarin standing beside him and said: "Now there are two of you. But you will not remain two for long. The family of cosmonauts will grow and grow and become stronger."

Titov and Gagarin stood side by side on the Lenin-Stalin Mausoleum platform, waving and grinning as the thousands of cheering Russians marched past, waving party slogans and carrying pictures of Titov. From time to time, Khrushchev stepped between the two space-

U.S. Airliner Carrying 81 Hijacked To Havana

NEW YORK (UPI) — A huge Pan American DC-8 jet airliner with 81 persons aboard was hijacked over Mexico today and forced to fly to Havana, Cuba, where it landed safely, the airline reported.

The DC-8 with 72 passengers and nine crew members oboard put down safely at the Havana airport at 3:25 p.m. (EDT).

The airline said everyone aboard was safe.

In Washington, the White House said President John F. Kennedy had asked for fullest information on the hijacking.

The White House said its preliminary information was that one man had forced the pilot to divert his craft to Cuba shortly after taking off from Mexico City en route to Guatemala City.

The plane had originated in Houston, Tex., and had flown to Mexico City this morning.

At 12:37 p.m. (EDT) it took off again and within minutes the hijacker apparently seized control of the aircraft.

The pilot, Capt. Carl Ballard, radioed in code that the craft had been "diverted" to Cuba.

Two hours and 48 minutes later the DC-8 jet put down on the 10,600-foot runway in Fidel Castro's capital.

Among the passengers aboard the hijacked airliner were Colombian foreign minister Julio Cesar Turbay and Roger Wolin, Pan American public relations director for Latin America. The nine-member crew also included four stewardesses.

Senate, House Unit Approves Defense Funds

WASHINGTON (AP) — A Senate-House Conference Committee today approved virtually all of the three-billion-dollars-plus in extra defense funds asked by President John F. Kennedy to stiffen military forces because of the Berlin crisis.

Advocates of manned-bomber power retained most of the Senate increases aimed at keeping production lines open for the present heavy long-range bombers and spurring development of a B70 future jet bomber as a complete weapons system.

Worker Hurt In Bulldozer Mishap

A Petaluma man suffered a broken leg and serious injuries to shoulder and back yesterday when a budddozer he was operating rolled over at Professional Center Parkway north of San Rafael.

Charles Bricker, 32, was rushed to Marin General Hospital by United Ambulance at 3:31 p.m. yesterday. His employer, Raymond Piombo of Piombo Brothers Contractors of San Rafael, said Bricker was backfilling a bench on the lower side of Channing Way when the "cat" began to slide and rolled over.

The machine rolled over 300 feet after passing over Bricker.

U.S. Judge Denies Writ To Save Mrs. Duncan

LOS ANGELES (UPI)—Federal Judge Thurmond Clarke today denied a motion for a writ of habeas corpus that would have spared Elizabeth Duncan from execution for the "murder for hire" slaying of her daughter-in-law.

Clarke ruled after two days or arguments, and a plea by the convicted woman's attorney son, Frank, in her behalf. Duncan, whose wife Olga was murdered and buried by two hired killers in November, 1958, argued Mrs. Elizabeth Duncan was denied a fair trial and due process of law.

K SPLASHES 'BIG JOKE' ABOUT YANKS

MOSCOW (UPI) — Premier Nikita Khrushchev, addressing a Kremlin banquet for spaceman Maj. Gherman Titov, said today that United States astronauts "only jump upwards and fall into the ocean."

"Anyway," Khrushchev told dignitaries and diplomats, "we are glad that they did not drown."

The Soviet leader made the remarks in comparing U.S. and Russian space achievements.

He said that "the Americans do not launch. Their man only jump upwards and fall into the ocean."

The guest list for the reception included U.S. charge d'affaires John McSweeney.

Truckers' Answer Expected Today

SAN FRANCISCO (UPI) — Trucking operators were expected to give an answer later today on a "modified" version of the original contract proposal of Bay Area Teamsters.

It was submitted yesterday when union and industry negotiators held their first face-to-face meeting in several weeks. Independent trucking operators involved joined the session at the request of Federal Conciliator George Hillenbrand.

Hillenbrand said "certain sections and paragraphs" of the proposal would be "submitted back to the employers' policy committee for discussion."

LATIN AMERICANS ASK AID PROGRAM

Inter-American Conference Almost Broken Up When Cuban Assails JFK

PUNTA DEL ESTE, Uruguay (AP)—Five major Latin American nations called on the United States and other foreign aid sources to funnel 20 billion dollars over the next 10 years into President John F. Kennedy's Alliance for Progress program. They urged the continent's governments to get their long-range development program ready in the next 18 months.

The 20-billion-dollar resolution was introduced after a night session of the Inter-American Economic and Social Conference at which Cuban economic chief Ernesto Guevara lambasted Kennedy and accused the United States of plotting to assassinate Prime Minister Fidel Castro's brother Raul.

When Guevara finished speaking, several Cuban exiles in the audience screamed "assassin" at him and two leaped on the stage shouting. Fists swung as security guards hauled the demonstrators from the packed chamber.

DIFFERS FROM U.S.

The 20-billion-dollar resolution was submitted by Argentina, Brazil, Chile, Mexico and Peru. It differed from U.S. proposals on two major points.

First, the resolution watered down the U.S. proposal for a powerful committee of "seven wise men" to coordinate economic planning for Latin America. The five nations made clear they intend to plan their own economic programs and substituted a proposal for an inter-American planning staff with advisory powers only.

The five also junked the disputed American scheme for an elaborate information and cultural campaign to publicize the economic and social reforms that are the aims of Kennedy's program.

AGREEMENT

An Argentine delegate said privately the United States was "largely in agreement" with the resolution, which is expected to form the backbone of a joint declaration to be signed at the close of the conference.

The resolution declares that Latin America's economic ills require "a supply of capital from all external sources during the coming 10 years of at least 20-billion-dollars—the bulk of which should be in public funds."

Eichmann Had Lust To Kill, Prosecutor Says

JERUSALEM (AP) — Adolf Eichmann's "true form and image" as a man with a lust to kill Jews is clean beyond doubt from testimony in his 16-week trial, Israel Atty. Gen. Gideon Hausner declared today.

Hausner, continuing his summation of the prosecution's case against the chief of the Gestapo's Jewish affairs section, charged Eichmann even appealed against orders from Hitler's headquarters to let up in the relentless slaughter toward the end of World War II.

"The lust to send Jews to their deaths, even though he was not ordered to do so at the time, offers us a picture of the true Eichmann," Hausner said. "His true form and image rises before us beyond a shadow of doubt in the testimony from witnesses and from accessories still alive which has been presented here."

The three judges trying Eichmann as a criminal accomplice in the Nazi massacre of an estimated six million Jews listened gravely as the prosecutor slashed at Eichmann's plea that he was only a minor official in the SS apparatus.

Hausner cited captured Nazi documents showing that requests for Jewish skulls and skeletons for the Nazi racial research institute at Strasbourg were sent directly to Eichmann.

Presiding Judge Moshe Landau announced that the court would recess for the afternoon and that Hausner would complete his summation tomorrow morning.

The court will then recess again until Monday when Robert Servatius, Eichmann's West German counsel, will present the defense summation.

The judges are expected to retire late Monday to begin considering their verdict, which probably will be announced in October.

Refugee Flood Grows

BERLIN (UPI)—Another 1,000 East Germans—spurred by fear that the border will be closed next month—slipped into West Berlin today.

Approximately 144,000 East Germans have fled this year. The figure was about 1,000 more than the total for all of 1960.

Fidel Puts Squeeze On Peso

HAVANA (AP)—Fidel Castro's government will return a maximum of only 10,000 pesos each to most Cubans who turned in larger sums during the currency exchange he ordered over the weekend.

The prime minister announced last night that cash turned in above that amount has been confiscated because it was hoarded in violation of a law issued in May.

Castro said an exception is being made for old persons and cripples who would be allowed to draw up to 20,000 pesos.

The Cuban government values the peso officially at one dollar, its value before Castro revolutionized the economic system. It is worth about 20 cents on free money markets abroad.

The government last weekend suddenly closed Cuba's borders to all travelers and ordered all Cubans to exchange their pesos for a new currency issue. Heads of families were allowed to exchange 200 pesos at the time. The balance of their old money was deposited in special accounts.

Castro said 1,000 pesos now may be withdrawn immediately and the balance of the accounts may be withdrawn—up to the 10,000-peso maximum—at the rate of 100 pesos a month. The aged and crippled may draw 300 pesos a month.

Castro estimated that 3,000 persons deposited more than 10,000 pesos each.

Two On Sausalito Library Unit Quit

The Sausalito city council last night accepted the resignations of Sausalito library trustees Leonard S. Wood and Bernard J. Gratama.

Wood, who said he was retiring so that someone younger could take over the job, had served on the board since 1952. Gratama, who gave no reason for resignation, had served since 1955.

WIRE NEWS BRIEFS From Everywhere

Congo Troops Vowed

LEOPOLDVILLE, The Congo (AP)—Gen. Joseph Mobutu yesterday pledged the full support of The Congo's national army to the new central government of Prime Minister Cyrille Adoula.

Formally presenting Adoula to his troops massed on parade, Mobutu promised his continuing loyalty to the Congolese chief of state, President Joseph Kasavubu, and his designated premier.

New Disarm Talks?

WASHINGTON (UPI) — The United States and Russia are expected to resume preliminary disarmament negotiations Sept. 5, probably in New York, officials said today.

The Kennedy administration also was reported giving "serious consideration" to sending negotiator Arthur H. Dean back to Geneva in a few weeks for another try at budging the stalled nuclear test ban talks.

The New York talks would be between White House disarmament adviser John J. McCloy and Russia's Valerian A. Zorin.

$100,000 Church Blast

BENNINGTON, Vt. (AP)—A gas explosion last night blew out the wall panels and cracked the 60-foot steeple of the Second Congregational church, completed only last year. Damage to the $300,000 building was estimated unofficially at $100,000.

Yountville Chief

SACRAMENTO (AP) — Stanley M. Dunmire will be retained as commandant of the California Veterans Home at Yountville.

Dunmire agreed to stay on the job after agreeing to support 18 changes in the home's operation.

Labor-Met Dispute

NEW YORK (AP)—Labor Secretary Arthur J. Goldberg has stepped into the labor dispute that forced cancellation of the Metropolitan Opera Company's 1961-62 season.

Goldberg, in Dallas to address a convention, said last night he had already spoken to the president of the union and would contact Met representatives today.

GOP Wins In South

COLUMBIA, S.C. (AP)—Charles E. Boineau, 37, a trucking firm executive, has shattered a nearly century-old tradition by winning election on the Republican ticket to South Carolina's General Assembly.

When Boineau takes his seat with the Richland County delegation next January, he will be the first Republican in the legislature since Reconstruction days. He will be out-numbered by Democrats in the General Assembly by 169-1.

Lockheed Staff Cuts

SUNNYVALE (AP)—Lockheed Missiles and Space Division has cut about 1,500 jobs from its California operations and may eliminate an additional 500 soon, a spokesman said yesterday.

Most cuts were at the Sunnyvale production facility, the spokesman said, but the economy move also affects facilities in Palo Alto, Santa Cruz and Van Nuys.

Red Premier Dying

BERLIN (UPI) — East German Premier Otto Grotewohl is dying of leukemia, an anti-Communist organization said today.

The "Information Bureau West" based its report on "competent sources" in Communist East Berlin.

Grotewohl, 67, has been absent from his official functions for about nine months. These sources said it was doubtful he would ever be able to resume his duties.

Smaller NATO Allies Seek Ways To Help

PARIS (AP) — NATO Council members from the smaller Western allies today began polling their governments to determine what they will do to help the allied military build-up to meet the Soviet threats to West Berlin.

U.S. Secretary of State Dean Rusk told the 15-nation council yesterday what measures he and the British, French and West German foreign ministers had decided should be taken.

Rusk's report included a proposal to push allied military strength in Western Europe to its long-standing goal of 30 divisions with an additional 75,000 to 80,000 men. Most of the reinforcements would come from Britain, France, West Germany and the United States. Lesser increases are needed from the various other governments.

The council endorsed the Western Big Four's plans to stand firm on Berlin but to keep the door open to negotiation with the Soviets "on a reasonable basis."

Delegates were unable to commit their countries to new expenditures or other measures without consulting their governments. Most of those addressed by Rusk expressed agreement with the objectives.

New House Looted In San Rafael

Over $200 worth of appliances have been looted from a new house at 61 Oak Avenue, San Rafael, police said yesterday.

The burglary, which occurred sometime in the past 11 days, netted the thief a kitchen sink, garbage disposal unit, faucet, wash basin rim and a medicine cabinet.

The home, for sale by the McClure Realty Co., has been found open in the past, police said. A complete inventory was being taken today to determine the total loss.

Worker's Pay Above Average, Ford Asserts

DETROIT (AP) — The Ford Motor Co. told its 165,000 employees today their average pay last year was 71 cents an hour higher than the average for all employees of the manufacturing industry.

Ford, acting in the midst of new labor contract negotiations in the car industry, distributed to its workers a booklet titled "Facts on the Line" which emphasized management responsibilities.

The United Auto Workers Union currently is negotiating new contracts with Ford and others. Present contracts expire Aug. 31.

The UAW International Executive Board is to be asked Sunday to authorize strike votes at General Motors and Chrysler. There has been no similar action at Ford.

The UAW today began a billboard campaign aimed at swaying public opinion to its side in the negotiations. Bonuses paid to Ford officials and Ford's profits were singled out for mention.

One UAW billboard said in a newspaper-type headline "3.6 million in bonuses paid to Ford officials." "Ford 1960 profits $703 million," the ad also said. UAW Ford locals are paying for the billboards.

Witnesses Say A Man Began Fight

Two witnesses testified Icastul Neal, 40, of Richmond, started a fight last month that led to Mrs. Gladys Gray, 29, of Marin City, being held to answer in Superior Court on a felony assault charge, according to the transcript of the hearing.

The Independent-Journal on Aug. 3 said Mrs. Gray was held to answer to Marin Superior Court on a charge of assault with a deadly weapon "following testimony that her infighting with a straight-edge razor July 9, landed three persons in hospitals."

The transcript shows one of the injured, Mrs. Deortis Young of Marin City, Mrs. Gray's sister, was injured by Neal, according to two witnesses. Neal and Ethel Sparks, 23, of Richmond, who was with Neal, were hospitalized for razor cuts they said were inflicted by Mrs. Gray.

On this basis Judge Leonard A. Thomas held her to answer after a hearing in Marin Municipal Court.

The transcript quotes two witnesses as testifying Neal hit Miss Young on the head with a bottle, breaking the bottle and flooring Miss Young. The witnesses were Beatrice Johnson of 48 Cole Drive, Marin City, and Mrs. Betty Jean Briscoe of San Francisco, a waitress at the Pig Haven Cafe, where the fracas took place.

Miss Johnson also testified Neal hit Mrs. Gray with his fist. Mrs. Gray said she also was attacked by Miss Sparks. Miss Johnson and Mrs. Briscoe said Miss Sparks was sitting on Mrs. Gray and beating her when they helped pull them apart.

Basis for hostility was not brought out in the testimony, as shown in the transcript.

Fire Threatens Grand Opening

The grand opening of the new Embee Market at 5651 Paradise Drive in Corte Madera almost turned into a grand closing last night when fire burned a large pile of wooden and cardboard boxes beside the building.

The automatic sprinkler system stopped the fire, said Fire Chief Frank Nelson. Cause of the blaze is unknown.

"Although it is a block wall, the roof is combustible," Nelson said. "If it had not been for the sprinkler system, the roof would have caught fire."

DEBORAH ROSSMAN
Semester in Germany

Fairfax Girl Will Attend German School

Seventeen-year-old Deborah Rossman of Fairfax will attend a German high school for the next semester under the American Field Service student exchange program.

Selection of Deborah, a senior at Sir Francis Drake High School, for the foreign residence study was announced today by the Drake chapter of AFS.

Miss Rossman will stay with the Dr. Hans Jls family in Iburg, Lower Saxony, Germany. She will attend a Lower Saxony high school in Osnabruck, 10 miles away. Her close companion there will be Marianne Jls, also 17. The family also have a younger brother, Adrian. Dr. Jls is a political economist.

Miss Rossman is a daughter of Mr. and Mrs. Harold Rossman of 2 Meadow Way, Fairfax. Her father is editor of the North Bay Labor Journal.

She was an officer in the Drake Diplomats, and last year was editor of the school literary magazine Insight.

Reed Votes $734,576 For Schools

Trustees of the Reed Union School District last night approved a budget of $734,576 to cover the cost of educating its 1,270 students for fiscal year 1961-62.

This compares with last year's budget of $662,204. The increase is to be met by levying an overall $2.25 tax rate, an increase of 32 cents per $100 assessed valuation from last year's $1.93 tax rate.

A reserve of $33,328, approximately equivalent to last year's, is to be maintained.

Board president David D. Ring said increase in the budget was due primarily to the following:

(1) Drop of $27,235 in state apportionment; (2) increased enrollment; (3) opening of the new Del Mar School in October; (5) salary increases; (5) maintenance and utilities cost rise, and (6) improvement of the instructional program.

The board decided to work with the Tiburon Little League in developing a baseball field at Bel Aire School for both Pony and Little Leagues.

Record Hot Dog Year Predicted

NEW YORK (UPI) — Americans will eat a record 13 billion hot dogs this year, with or without mustard.

That is the prediction of the National Hot Dog and Sausage Institute.

The grand total will represent an average of 72 hot dogs per man, woman and child.

Last year's figure was just over 11 billion — an average of 62 per person.

Tam High District Trustees Adopt Budget Of $4.7 Million

The Tamalpais Union High School District budget was adopted by the district's trustees last night by a vote of 3 to 1, with chairman Edmund J. Thomas Jr. abstaining.

The lone dissenting vote was cast by John C. Siemens, with whom Thomas had voted on Monday night for a 2-2 deadlock. Trustee William Lewis, who had been absent Monday, cast his vote in favor of adopting the proposed $4,720,493 budget. Also voting in favor were Delman D. Smith and Howard I. McGill.

Thomas, questioned on his abstention, said "no comment". He and Siemens had raised questions Monday as to possible use of the reserve fund in lieu of a probable tax hike.

Supt. Chester G. Carlyle opened last night's meeting by stating that he had carefully considered the budget as directed by the board, and saw no possible cuts that would not lower the educational standard. He pointed out that current operating expenses of $3,144,117 were devoted 89 per cent to personnel, and 7 per cent to supplies, leaving 4 per cent for fixed charges such as insurance and utilities.

On the item of capital outlay, Carlyle said, the amount of $479,974 is for items committed by contract from last year, on which the obligations are not completed.

"Whether you dip into the undistributed reserve," he concluded, "Is a matter of policy for the board."

After a question from the floor brought up the tax increase, chairman Thomas said the board did not as yet know what the tax increase would be, in spite of a figure quoted in the press. (The superintendent's office had reported a 15-cent tax increase was in prospect.)

Board clerk McGill said he felt the increase "won't be any greater than the increased assessment. I feel it will be less than that."

During the tax discussion a member of the small audience who identified himself as Dr. Bandes of Mill Valley, said: "I feel the education of our children is far more important than the taxes I pay. But I still am not pleased with the education my children are getting in Marin!"

Thomas, queried as to why the board did not know what the tax rate would be, said: "This is due to failure of our government to co-ordinate. We should know, but under the present law, we don't."

Immediately following adoption of the budget, the trustees voted to award contracts for a typesetting machine for the print shop at Tamalpais High School, drawing tables for Sir Francis Drake High, and musical instruments for the district.

Swastika Painted

The word "Jew" in letters 10 inches high and underneath a Nazi swastika a foot square were found sprayed in bronze paint on the rear plate glass door of the Terra Linda Pharmacy at 655 Del Ganado Road, Terra Linda, Frank Hermansky, the owner, reported to the sheriff's office today.

ADDITION—This is an architect's rendering of a $200,000 psychiatric wing at Ross General Hospital. The two-story addition will expand the hospital's services to 25 full time patients, and will serve out-patients. The building is expected to be ready early next year.

$200,000 ADDITION

Ross Hospital Plans New Psychiatric Wing

Construction will start this fall on a $200,000 psychiatric wing at Ross General Hospital, the board of directors announced today.

The new two-story wing, which will stretch from the Kentfield end of the hospital toward Sir Francis Drake Boulevard, will expand the hospital's psychiatric department to 25 full time patients, as well as serving out-patients.

Hospital Administrator John Siemens said construction should start early in October or November, with six months required for completion.

The addition was designed in collaboration with Dr. Siemens and Dr. John M. Stubblebine, chief of psychiatry, by architects Hatch, White, Hermann and Steinau of San Francisco. It provides for specialized psychiatric care, service and therapy on a short-term basis, similar to other hospital departments.

The facilities include a large activities center with spaces for dining, patient discussion groups, television viewing, music, library, conversation areas, crafts, games and visiting. All these are readily accessible to the rest of the wing and other portions of the hospital.

Consultation and examining rooms, nurses' station and other staff activities are arranged to be part of the general environment. An outdoor terrace extends from the social area.

The bedrooms and baths are located for privacy and comfort adjoining a large sun-room. A separate crafts room will be equipped for weaving, ceramics, sewing, mosaics, woodwork, jewelry leather and other handcrafts.

A separate department will handle out-patients and family counselling. It will consist of offices and consultation rooms as well as a classroom for instruction, group meetings and general use.

The new wing will be the second major addition to Ross Hospital in two years. Last year the new surgery addition was completed.

Jubilant A.F. Unveils New Deadly Atlas 'F' Missile

CAPE CANAVERAL (UPI) — The Air Force unveiled its deadly new Atlas "F" missile last night and achieved a spectacular success with the weapon, which will be capable of sending a nuclear warhead 6,300 miles in 30 minutes.

The "quick-firing" Atlas "F" is the final model in the development of this country's first operational ballistic missile. The 82.5-foot-tall rocket is destined for underground silos at strategic locations in the United States.

Last night's Atlas reached speeds of 15,000 miles an hour on its 5,000-mile trip down the Atlantic test range.

The first test firing was a checkout of instrumentation and guidance but operational models will give Atlas storable fuel capability for the first time. The refinement gives the war rocket a much shorter countdown than operational Atlases now in use at bases in the United States and Europe.

The Air Force announced with more jubilation than is usually accorded routine firings that "it landed right smack in the middle of the target."

'Hairline' Indicator

ROCHESTER, N. Y. (AP) — A barber shop here has a traffic light ouside. When the green light is on, there's an empty chair. When it's red, the chairs are full.

Mother Gives Birth To 2 —Not Twins

CLEVELAND, Ohio (AP)—The odds on Mrs. Leonard Shaffer giving birth to two children not twins—at the same time—were anywhere from 608,503 to a million or more to one—depending on whose statistics you use.

Last Saturday Mrs. Shaffer gave birth to a boy and a girl, two minutes apart. They are not twins.

The pediatrician said the babies were conceived at different times and were not from the same egg.

Her doctor said the case was rarer than the birth of quadruplets. According to the World Book Encyclopedia one theory says quads are born once in 608,503 births. Another theory says they are born less than once in a million births.

The girl, Michelle Lynne, was an eight-month baby and her brother, Michael Lee, was a nine-month term.

Michael weighs 6 pounds, 11 ounces. His sister, who weighs 4 pounds, 3 ounces is in an incubator.

The children were born on the fourth birthday of Leonard Jr., the Shaffers' first born.

Mrs. Shaffer's mother had two sets of twins. Shaffer's mother also had twins.

Police Radio Dispute Aired In Federal Court

SAN FRANCISCO (AP) — Can a private citizen intercept police radio broadcasts and divulge the information to the public?

This legal question was argued yesterday before U.S. District Judge Oliver J. Carter. The case involved Kenneth G. Fuller, 37, former Oakland police officer charged with violating the Federal Communications Act.

Fuller had installed radio receivers in his home to pick up Bay Area police and fire broadcasts. He sold information to an Oakland radio station, KEWB.

The government asserts it is a crime to pass the information on to persons not authorized to receive it.

Fuller's attorney, Robert L. Bostwick, argued that the constitutional right of freedom of speech and of the press was involved.

Asst. U.S. Atty. Frederick J. Woeflen said, "this has nothing to do with freedom of speech or press. The police broadcast is an exercise of police power and is a protected communication under the Federal Communications Act and not a public broadcast."

Bostwick said every newspaper editorial room has a police broadcast receiver and "this suggests at least that the police intended that the broadcasts be used by the general public."

"Under the government's contention, if a housewife hears a police broadcast and tells her neighbor about it she violates the Federal Communications Act," Bostwick contended.

Nicholas C. Petris, Oakland attorney and Democratic assemblyman also arguing for Fuller said, "It was not the intent of Congress to bar police calls from the public."

Judge Carter took the arguments under submission but did not set a time for a ruling.

He told Fuller to appear Aug. 22 to have a trial date set in case the ruling on the motion should go against him.

Nation's Income

KANSAS CITY, Mo. (AP)—Secretary of Labor Arthur J. Goldberg predicts the nation's income from goods and services—called the gross national product — will reach 535 billion dollars in the final quarter of 1961.

He estimated it at about 515 billion dollars now and 500 billion dollars when the Kennedy administration took over in January.

State College Chancellor Denies Backing Student Loyalty Oaths

SACRAMENTO (AP)—Dr. Buell G. Gallagher, chancellor of California's state colleges, today declared his opposition to a loyalty oath for students or other specific groups.

And, the new administrative chief of the college system denied he wants students to sign pledges that they will obey the laws of their city, state and country.

He said reports that he favored such a pledge were wrong.

The chancellor said the question of the student pledge came up during a recent conversation with officials of the American Legion and Assemblyman Dan Mulford (R-Oakland).

"We were discussing the general subject of loyalty oaths when Mulford asked me what we did at the City College of New York," Gallagher said.

"I replied that a student makes a formal pledge to the college that he will obey the laws of the city, state and country."

Gallagher said the pledge requirements was on the books when he became president of CCNY.

Gallagher said he told Mulford "that I wasn't sure that it would apply here or be useful in California," the chancellor said.

He reiterated his belief that the "best way to fight communism" is to permit Communists to speak in the open where their opponents can argue with them.

Terra Linda Directors Seek Fire Agreement

Directors of the Terra Linda Community Services District last night voted to apply for membership of the Terra Linda Fire Department in the couty-wide mutual fire fighting agreement.

"We are exceedingly pleased to be able to participate in the cooperative plan," said Dr. Michael J. Franzblau, president of the district, today. "As a matter of fact we've wished to join for the past three years but were prevented on a basis of our equipment."

The district now has two fire trucks; a 200-gallon and a 750-gallon pumper.

Franzblau said that the action probably will result in expansion of Fire Chief Richard Flaherty's training program.

He noted that the pact still will require that the fire department of jurisdiction must first go to a given fire, then requesting aid of some other nearby department if necessary. It won't in every instance, therefore, mean that the nearest fire house will be the one to respond, as desired by some residents.

The directors passed a resolution expressing willingness of the board to act as plaintiff in cases of unauthorized dumping. Such violations of county ordinance, which makes them misdemeanors punishable by $500 fine, have been difficult to check because of unwillingness of individuals to support prosecution.

John Duckett, director of the Terra Linda landscape program, reported the area's three acres of parkways and public land have been cut, mowed, cleared and watered.

Sausalito Parking Meter Fines Going Up To $2 In Six Weeks

Parking meter violation fines in Sausalito will be increased from $1 to $2 in six weeks.

The Sausalito City Council last night voted to amend the parking ordinance to provide the increase.

Two persons in the audience, Frank Pistolesi and Fred Turner, objected to the raise, saying parking are for turnover, not revenue.

Sausalito firemen were praised in a letter to the city council from Mrs. Mark Robinson of Redwood City. She said that her husband's life was saved last Saturday by the firemen's rescue team's fast action when Robinson fell overboard from his boat in Richardson Bay.

The council put over to next Tuesday action on a complaint by Robert G. Anderson of 206 Valley Street that a rotten derelict barge over Valley Street in Shelter Cove is a menace.

The council also:

1. Introduced an ordinance to prohibit truck parking in the residential zone on Sausalito Boulevard.
2. Asked that F. Bruce Bernhard resubmit a tentative map for his proposed 90-unit apartment development near Rodeo Avenue.
3. Authorized preparation of working drawings for a bus stop shelter on Bridgeway between Bay and Anchor Streets.
4. Authorized $117 to send the Sausalito Little League to the San Francisco Giants baseball game Sept. 11.
5. Named the tiny park at Bridgeway and Princess Street Princess Park.
6. Approved use of council chambers for art exhibits.
7. Announced that councilmen Marjorie Brady and Michael Harris will attend a meeting Aug. 16 at the Division of Highways in San Francisco to discuss a Marin access to Vista Point.
8. Heard in a financial statement of June 30 that revenues for the city for 1960-61 were $450,500, exceeding budget estimate by $62,000 sales and use tax revenues exceeded last year's total by $25,000, and expenditures for the fiscal year totaled $387,000.

Policeman Joins Force

James Neubert, 25, of 391 Irwin Street, San Rafael, this week joined the Larkspur police force, bringing the total force to five. Neubert has been a reserve officer in Sausalito for five months. He is married and the father of a 14-month-old daughter.

ARRIVAL IN MOSCOW — Russian cosmonaut Gherman Titov is escorted by Premier Nikita Khrushchev who carries flowers on Titov's arrival at Moscow airport today. Behind Titov is Russia's first space man, Maj. Yuri Gargarin. (AP Wirephoto)

Big Welcome Is Given Cosmonaut In Moscow

men and hugged them—"as his own sons," Tass said.

From Red Square, Gagarin, Titov, Khrushchev and their wives were to go to the Kremlin, where a gala reception—such like the one for Gagarin four months ago—was to be held in the majestic St. George's Hall.

Titov and Khrushchev kissed several times, first at the airport, and again after both had spoken at Red Square.

At the airport Khrushchev gave Titov a hug and a squeeze and then kissed him firmly three times on the cheeks. After completing his Red Square address, the Premier emotionally kissed Titov on the mouth for about four seconds, then kissed his cheeks again and embraced him as thunders of cheers arose.

The airport ceremony was colorful but lasted only 10 minutes. There was a riot of kissing. In addition to his kisses from Khrushchev, Titov kissed or was kissed by most of the Soviet Union's highest ranking officials, including President Leonid Brezhnev and various members of the ruling presidium. Many of the kisses were mouth to mouth, a not-unusual greeting among men in the USSR.

Moscow was ablaze with sun and decked out with flags, banners, balloons and pictures of Titov. Helicopters flew overhead dropping small flags bearing Titov's picture.

In his address in Red Square, Titov expressed his pride in having been chosen for his 25-hour, 18-minute orbital flight in space. He said the achievement proved the Soviet Union's preparedness for any eventuality.

If the USSR's enemies unleashed a new war, Titov said, the Soviet Union had the strength to "crush the aggressors." He said he is ready for all and "any tasks" his country demands.

Planners Grant 3 Variances In Mill Valley

Three variances were approved by the Mill Valley Planning Commission last night to permit residences on sub-standard lots.

In Enchanted Knolls, variances were granted to Dr. K. Warren Newgard to build a residence on a 7,100 square foot lot at 146 Shelley Drive and to William F. Healy Jr. to build three residences on three lots, two sub-standard in size with approximately 7,385 square feet, at 4, 10 and 16 Millay Place. The required area is 7,500 square feet.

Commissioners said there was no opposition from neighbors.

A variance was granted Hugh W. Davy to build a residence at 12 Sunset Lane on an 8,000-square-foot lot in a 20,000-square-foot zone.

The commission went on record saying it does not approve of the city council's proposed amendment to the zoning ordinance which would require the commission to act in an advisory capacity only to the council on applications for variances for sub-standard lots.

New Curator Is Named For Museum

A new curator of the Junior Museum of Marin was named last night by the museum's board of directors.

Murray D. Dailey, 27, of Sparks, Nev., who has just received a bachelor of science degree in biology from the University of Nevada, will take over the job Aug. 21. He has worked in conjunction with the Nevada State Museum at Carson City and the University of Nevada Museum while attending school. He and his wife and child will move immediately to San Rafael.

George Raddue, who has been acting curator this summer, will return to college.

Directors announced a chain-link fence around the newly installed seal pond at the museum will be erected next Monday and Tuesday.

Donald M. Paterson Jr., San Rafael attorney, was added to the board as a representative of the Optimist Club.

Gigantic Airlift Undertaken By A.F. During Exercises

FT. BRAGG, N.C. (AP) — The Air Force conducted a gigantic airlift today to supply the 82nd Airborne Division, seeking to drive a theoretical enemy from a small invaded foreign country during Exercise Swift Strike.

Heavy cargo planes thundered into the Darlington County, S.C., airport on an intensive schedule which called for 31 planes to land, unload and take off again every 30 minutes.

The Army reported that the 82nd continued to expand an airhead it established yesterday, maneuvering against a provisional battlegroup of 1,500 men from Ft. Jackson, S.C. acting as part of the enemy force.

Six Injured In Blast At Big Coffee Plant

GRANITE CITY, Ill. (AP)—Police said an explosion today blew out the side of a boiler building on the grounds of a big coffee plant injuring at least six persons.

Apartment Autos Need More Spaces, Plan Report Says

San Rafael apartment dwellers need about half again as many car parking spaces as are now provided, it appeared from an "off-street progress report" submitted to the San Rafael Planning Commission last night.

Staff investigation showed that approximately 41 per cent of San Rafael apartment families have two cars, said City Planner James Garrett. But there is slightly less than one parking space per apartment.

Further study was recommended by the commission with a view to revision of off-street parking requirements for apartments built in future.

San Rafael Associates' hotly opposed conversion of a single family dwelling at 188 Prospect Drive into a duplex finally met with denial after a dozen nearby residents had spoken against the project.

More than 50 signatures on petitions in opposition were also submitted. But backed by a permit issued in error by the city, conversion work alleged to total a cost of $11,000 had already been done when a stop order was issued last month, the developer claimed.

Gregory Harrison of 209 Prospect Drive, representing the Coleman Addition Homeowners Assn., declared this cost figure was exaggerated. Appeal to the city council was considered probable.

Also denied was James Bennett's appeal for a change from single to multiple residential on Clark Street south of Greenwood Avenue. Several nearby property owners had expressed opposition. Bennett attempted to withdraw the application by telephone.

More residents appeared to oppose a proposal to rezone a parcel on Glen Park Avenue from single family to multiple residential. A second hearing will be on Aug. 22.

Architectural approval was granted a shopping center at the southwest corner of Belvedere and Vivian Streets, with plans revised after denial July 25. Orville Russell, the owner, showed new plans providing off-street facilities for loading and unloading of trucks.

The commission continued to Aug. 22 consideration of architectural approval of a 12-unit apartment building at 555 Canal Street, where the builders wish a swimming pool in front but the commission prefers other arrangements.

Because of last-minute arrival of plans for a proposed 21-unit three-story apartment on Channing Way, near Terra Linda entrance, the commission held this over to Aug. 22.

Also put over to Aug. 22 was the proposed Safeway Stores construction at First and B Streets, as plans were not ready.

Approval was granted for annexing properties of the San Rafael Newport Co. and K. K. Bechtel on San Pedro Road, conditional on compliance with state legal provisions.

Architectural approval was granted a proposed 10-unit apartment at Lincoln Avenue and Laurel Place.

A final map was accepted for 31-lot Las Colindas Unit No. 8, north of Del Ganado Road at the end of Duran Drive.

The planners also:

1. Referred to planning staff a building inspection department request for change in name of part of Glen Park Avenue between Linden Lane and Mountain View Avenue.

2. Granted a one-year use permit for Terry Hines to operate a welding and valve shop at 15 Belvedere Street.

3. Set for 8 p.m. today in the council chambers a joint meeting of planning commission and parks and recreation committee to consider progress on the "701 program," with attendance of consultant William E. Spangler Jr. and co-consultant Daniel Coleman.

SWIM

to get in this program," she added.

"My children are in cribs but I'm out fighting for other people's kids," countered Mrs. Machado.

"It's not a case of the $150," said Vice Mayor M. E. (Babe) Silva, presiding in the absence of Mayor Wayne Womack. It's an appeasement program. "The city is trying hard. We're behind you 100 per cent. But this is a 10-lesscn program you're pushing in here and shoving down our throats."

It would set a poor precedent to give the money, councilmen generally agreed.

"Then build a $50,000 pool," shouted a female voice from the audience. Another woman suggested a bond issue.

With councilmen faced by 19 women in the audience voicing opinion on both sides, Silva abruptly called a recess and went into caucus with the other councilmen.

They returned to hear more discussion but backed Councilman John J. Angeloni on his motion to turn down the request, each saying he would donate to the program out of his own wallet.

The vote to turn down was 3-0, with councilman Charles R. Johnson abstaining as he had arrived only for the tail end of the discussion, but agreeing to donate to the fund.

Kerston's promise of full Rotary backing stopped the council wallet thinking.

Three Youths Arrested After Drive-In 'Rumbles'

Three San Rafael juveniles were arrested for curfew violation early today after a series of "rumbles" which kept San Rafael police and sheriff's deputies busy most of the night.

Officers said the trouble started at Zip's Drive-In at Third and A Streets in San Rafael between local youths and airmen from Hamilton Air Force Base.

Apparently, officers said, the civilian youths went for help, bringing in at least 12 carloads of friends averaging about four to a car.

Six sheriff's officers and four police spent a couple of hours stopping fights and near-fights between the city and Terra Linda. The three were arrested at the Regal Service Station at Fifth and Lincoln Avenues at 2:45 a.m. today. They were turned over to juvenile authorities.

Iowa Flash Floods

WASHTA, Iowa (UPI)—Gully-washing downpours measured unofficially at 11 inches turned creeks into torrents in northwest Iowa today. A father and his son were missing and feared dead after a flash flood swept their car from a highway.

Repair Work Begun On Dropped Road In Larkspur

A drag line started work today repairing the slip-out on Doherty Drive in Larkspur, City Manager Ronald E. Piper reported.

A large section of the street under construction slipped last Thursday and dropped into the slough. The road will connect the Henry C. Hall School and Redwood High School.

"We plan to scoop mud out of the north side of the slough and haul it around to the south side," Piper said. "This will give a wider, firmer base for the road."

After that, refilling the section that slid will begin, he said.

Piper could give no estimate of the time the road would be finished. The work with the drag line should take two or three days, he said.

OBITUARIES

Theresa Vickers Dies In Hospital

Theresa Jane Vickers, 80, a resident of San Anselmo since April, died yesterday after a prolonged illness at a San Francisco hospital.

A native of San Francisco, Mrs. Vickers was the mother of Erwin G. Vickers of 29 Oak Springs Drive, San Anselmo. She was the widow of George B. Vickers. Two grandsons also survive.

Rosary will be recited tomorrow at 8 p.m. at Halsted and Co., 1123 Sutter Street, San Francisco. A Mass of High Requiem will be celebrated Friday at 9 a.m. at St. Brigid's Church, Van Ness and Broadway, San Francisco. Interment will be in Mount Olivet Cemetery, San Rafael. The family requests memorial contributions to the Vallombrosa Retreat House, Menlo Park.

C. COLAPIETRO

A Rosary will be recited tonight at 8:30 p.m. in Mill Valley for Carmine Colapietro, retired Mill Valley mail clerk, who died Monday at a San Francisco hospital after a long illness.

Colapietro, 79, worked more than 40 years at the Ferry Building in San Francisco for the Southern Pacific Co. He and his wife, Cecelia, resided since World War I at 404 East Blithedale Avenue, Mill Valley.

A native of Italy, he lived in Sausalito, then Tiburon, on coming to the United States. He lived in Marin 54 years.

Colapietro is survived by his wife, four daughters, Mrs. Rosie Bostwick of San Francisco, Mrs. Angela Pierce of San Rafael, Mrs. Cecelia Braga of Sonoma, and Mrs. Carmelia Gallagher of San Anselmo; a son, Carl Colapietro of San Anselmo; two sisters and a brother in Italy, and 13 grandchildren.

Funeral services will be held tomorrow at 10 a.m. at the Russell and Gooch Mortuary in Mill Valley. The Rosary will be recited at the mortuary chapel and interment will be in Mount Olivet Cemetery, San Rafael.

Report to MARIN INVESTORS

We know a fellow who is accumulating his own investment trust fund with just a modest security purchase every six months.

When he's ready to invest, he comes in and has a long talk with his E. F. Hutton & Company broker. They go over his holdings and decide on a selected group of issues that would fit his investment goal. Then, after painstaking study, the list is pared down to two or three securities. With his broker's guidance, our friend makes his selection.

He calls it his "Golden Fund" and it's looking more golden each year. Isn't it time you planned a similar investment program? Call our Marin County representative today.

Proposed Novato Street Ordinance Labeled 'Dirty Deal' At Meeting

The Novato City Council last night turned down a proposed ordinance setting up a new policy on who pays for what improvement of city streets.

Councilmen generally said they feared the policy recommended by Charles A. Joseph, city public works director, would be too stringent.

"I think it's a dirty deal," declared LeRoy Jones, 677 Olive Avenue.

The city had "halfway promised the people on Olive Street and Center Road to go half and half on the cost," commented Councilman Everett Pozzi.

Jones was one of the prime backers of the Olive Avenue petition for street improvement, construction of curbs and gutters, sidewalks and storm drains. There were no figures available on the cost to residents under the city "half and half" policy or the proposed new one.

Councilman John J. Angeloni moved to adopt the proposed policy with the understanding that it was "subject to possible later revisions if it doesn't work."

His one approving vote was overruled by councilmen M. E. (Babe) Silva and Pozzi. Mayor Wayne Womack was absent and Councilman Charles R. Johnson did not arrive until the meeting was half over.

Councilmen agreed to further discussion of the proposal at their Aug. 22 meeting.

The policy proposed is aimed at using city street funds "for the benefit of the greatest number of people," Joseph said. It would make improvement of residential streets solely up to property owners.

On major city streets, which with through traffic would benefit more persons, right of way costs up to 50 feet in width would be borne by property owners; parking lane construction, sidewalks, curbs, gutters cost would also be born by property owners, with the city paying for street construction; property owners would pay the cost of storm drain pipes up to 24 inches in diameter, with the city paying the difference for anything larger; the city would pay for its engineering costs, property owners for theirs.

"It depends on the people in town to support such projects," commented Joseph.

Councilmen approved construction of a walkway from Rancho School to Center Road to keep youngsters off the streets. Up to $2,300 was approved for the six-foot wide, 850-foot long walk from the newly completed school.

In other business, the Novato Council:

1. Adopted an ordinance setting up a new trailer court zone in the city, with courts a minimum of five acres in size and having a maximum of 12 trailers per gross acre.

2. Introduced an ordinance setting a $50 yearly business license fee for private police agencies, who must have uniforms distinguishable from Novato police.

3. Heard that Marin Golf and Country Club Estates officers had requested of the city planning commission a variance for their illegal eight-by-100 foot advertising sign on Highway 101.

4. Set 7:45 p.m. Thursday at the city hall as the time for continuation of budget discussions.

5. Filed a letter from Reuben Kahler of Novato urging formation of a city building appeals board.

6. Referred to the Novato Chamber of Commerce a letter from Robert O. Bailey (former city administrative consultant) of National Research Bureau, Inc., Chicago, offering for $4,000 to $5,000 yearly to act as intermediary in gaining business construction for the city.

Sounding Board Panel Tomorrow On College Future

Future plans for College of Marin will be taken up by a panel of five tomorrow at 9 a. m. on the radio KTIM Marin Sounding Board.

The panelists will include Kent Seymour, president of the board of trustees; Mrs. Elizabeth M. Deedy, clerk of the college board; Irving Diamond, dean of students, and Ted Stolte and Dave Sokoloff of the architectural firm of Falk and Booth of San Francisco, hired by the college board to present plans for the school expansion.

(The board of trustees voted Aug. 3 to keep the present campus and expand its size and buy a new site north of San Rafael for another campus.)

The second half of the hour program will be for questions sent to KTIM by the listeners. Moderator Kitty Oppenheimer said the program will be rebroadcast by tape recording Sunday at 12:30 p. m.

An estimated 400 billion cubic feet of natural gas will be imported from Canada during 1961.

A 7-YEAR-OLD WADES TO A CROWN

Bridget Lynch (above, center) was crowned "Miss Wading Pool 1961" at Albert Park yesterday after winning over 84 others in the annual contest sponsored by the San Rafael Recreation Department. Pamela Stettler, San Rafael's own "Miss California," who judged the contest, is at left, and Toni-Lee Maniscalco, last year's "Miss Wading Pool," at right. Below: Suzette Jensen, 3, of Terra Linda, apparently mistaking the boy watcher at left for a judge, sits down abruptly midway through promenade. The boy is Del Myers, 6. (Independent-Journal photos)

Novato Recreation Discussion Slated

Citizen interest in a proposed Novato recreation commission ordinance has been so great that the city council plans a panel discussion on the question on Aug. 17.

Councilmen last night agreed to the discussion at suggestion of City Administrator J. Julien Baget. He and Gladys Snyder, recreational specialist with the state division of recreation, will discuss the proposed ordinance and phases of city recreation needs that evening at one of the schools in the city. The exact location still is undecided.

Twenty-five Novato residents, headed by Mrs. R. E. Trevino, decided they wanted some changes in the proposed ordinance and last night presented city councilmen with item-by-item alternatives.

Baget praised their civic interest, though he admitted he did not agree with all of the suggestions as he had drawn up the original ordinance.

Councilmen still must set a date for consideration of a commission ordinance which in its original form had proposed a recreation advisory commission of five members living within the city. With a recreation commission would go a still-undetermined fund which city councilmen are expected to budget for the fiscal year.

The citizen group suggested last night that "parks and recreation advisory commission" of seven members from within Novato be organized.

The citizens proposed four year terms for commissioners. Councilmen have not specified terms.

Citizens recommended direct monthly reports from the commission to the city council. The city-proposed ordinance would provide work be channeled through the city administrator.

Baget said elimination of the word "parks" from the commission title was deliberate in an attempt to let the commission cover any phase of recreation, land acquisition or site exploration.

Discussion of the city's legal position in acquiring park sites brought no firm answer, but a comment from F. J. Picchi, head of a city-appointed citizens committee which studied parks and recreation for the upcoming city master plan.

"Our report has been buried under the dirt somewhere," he said, noting the committee had recommended formation of a non-profit corporation for park site acquisition.

Nixon Won't Run In State, Report Claims

NAPA (AP)—The Napa Register said in a copywright story today that former Vice President Richard M. Nixon will announce he is not going to run for the governorship of California next year.

Nixon will make a formal announcement of his decision in September, the Register said.

San Francisco Mayor George Christopher, a Republican, will probably announce his candidacy for governor before the end of the year, it added.

A "highly reliable source close to both Christopher and Nixon" was credited by the newspaper as its source.

The Register story continued:

Christopher's strategy men are hoping that former GOP Sen. William Knowland, now an Oakland newspaper publisher, will support him.

The Christopher strategists are counting on Nixon and Knowland to help eliminate backing for former Gov. Goodwin Knight, who is reported thinking of seeking the state's top political post.

Should Nixon run for governor and be defeated, it would all but eliminate his chances of running for the presidency again. This was a factor in his decision.

Gov. Edmund G. Brown, a Democrat, is expected to seek re-election.

The Register said further:

A campaign has already been started against Nixon by Democratic leaders.

It is feared that many Republicans believing Nixon would use the state office as a stepping stone to the presidency, would not wholeheartedly back him for the governorship.

Sausalitans Want Parks; Form Group

By BRUCE COLEMAN

Citizens who filled the Sausalito city hall last night wrangled back and forth with city councilmen over demands for more parks and playgrounds and then decided to form a citizens fact-finding committee on the spot.

The occasion was a public hearing of the Sausalito Recreation Commission's proposed recreation plan, which recommends action to provide a major waterfront recreation area and neighborhood playgrounds.

Three councilmen, with Mayor Philip S. Ehrlich Jr. and Councilman George Keeney absent, was told the council is "pessimistic," "needs to show leadership," and is trying to "bury the recreation plan."

Citizen Raymond Gergus accused the council of having to be "pressured, squeezed and pushed to make it realize the people's needs for parks."

'FOOLING AROUND'

Mrs. Ivan Cousins shouted: "Let's get a playground. I'm sure there are people in this whole city that would be willing to contribute . . . Let's get some playgrounds and stop fooling around."

Christ Episcopal Church has asked the city to remove its playground equipment from its property by Sept. 15 when the church plans to start construction of a parish hall.

The city had $9,000 to improve Bayside Park in its current budget but the council decided to use the money to obtain land for another playground to replace that at Christ Church.

Councilmen told the citizens that the best way to tackle the problem was through forming a citizens committee.

HOUR'S HAGGLING

After an hour of haggling, Robert Green in the audience asked acting Mayor Howard Sievers if he would ask for volunteers for a committee.

Eleven persons stood up and immediately put their names to a list. They are Mrs. Milton Kodmur, chairman; Green, Dreda Grabow, R. J. Treacy, Mrs. Charles Ashley, Mr. and Mrs. Raymond Gergus, Mrs. Jan Peek, Frederick Zulch, Chapin O'Hara and James Muldoon.

The matter was continued to a special meeting Aug. 22 and it was announced that anyone interested in joining the committee may let City Manager Charles A. Brown or Mrs. Kodmur know.

UNWELCOME GUESTS

This wandering swarm of honey bees rested briefly yesterday afternoon on a fire hydrant at Fourth and Cijos Streets, San Rafael, going almost unnoticed by passing shoppers. San Rafael police called J. Alvin Wayne, a Pacific Gas and Electric Co. employee who collects bees as a hobby. Mrs. Wayne said they appeared happy in a hive today at the Wayne home at 1550 Lincoln Avenue in San Rafael. (Independent-Journal photo)

Total Red China Breakdown Seen By Nationalist Chen

SAN FRANCISCO (AP)—Chen Cheng, vice president and premier of Nationalist China, predicts a total breakdown of the Communist Chinese mainland regime.

Speaking before a joint meeting of the World Affairs Council of Northern California and the Asia Foundation in San Francisco last night Chen made his predictions.

He said there is great dissatisfaction with and hatred of the Communist government among the 600 million mainland Chinese, and he looks forward to an internal revolution aided by Formosan forces.

He quoted Communist leaders as saying there have been an average of three anti-Communist incidents every two minutes in the past 10 years on the mainland. He said also 20 million Chinese who refused to toe the Communist line have been liquidated in the past 11 years.

Chen arrived in San Francisco yesterday from Washington, D.C., where he conferred with President John F. Kennedy. The vice president is due to leave tomorrow for Tokyo.

Rattlesnake Killed In Marinwood

John Osborne, who is 7, likes to catch lizards and play with them.

He caught eight this morning in the back yard of the family home at 508 Miller Creek Road, Marinwood. "Then I went up to get this big one and I saw this snake coming down," he related. "I waited a minute till I could see the end of it. I saw some rattles and it wiggled them. I ran in the house and told my mother."

His mother, Mrs. Herbert T. Osborne, called the Marinwood Fire Department. Fire Chief Donald M. Ray, accompanied by volunteer Jack Cameron, arrived promptly. Chief Ray dispatched the rattler with one shot from a .22-caliber rifle, while Cameron stood by with a fire axe—just in case. "We don't fool around with these rattlesnakes," said Ray.

The snake was 28 inches long and had five rattles and a button. It was the second rattler dispatched by Chief Ray in a Marinwood yard within two weeks.

Sausalito Urged To Buy Purity Site

Purity Stores Ltd. proposes to sell its property on Bridgeway at Princess Street in Sausalito, the Sausalito City Council was told last night.

It was reported that the company is angling to buy the Northwestern Pacific Railroad Co. freight station property to build a new market.

The council, having eyed the railroad property at Bridgeway and Napa Street for some time as a possible site for a civic center, indicated it is also interested in Purity Stores' present property.

Following discussion the council agreed to advise Purity of the interest and ask the company to hold off sale until the matter can be investigated.

Donald Duncan, president of the Sausalito Foundation, strongly urged that the council advise the railroad company of the city's interest in its property. He told the council he had heard through a reliable source that Purity is trying to buy the freight station.

City manager Charles A. Brown said he was told last week that Purity Store is up for sale at a price of $140,000. Brown said an agent for a local property owner told him he might lend the city funds to purchase the property, but the man withdrew the offer yesterday. The man was not named.

Brown suggested the city might be interested in purchasing the Purity property with the idea of eliminating the "blighted block" between Princess Street and El Portal on the waterfront side. He said the city might look into redevelopment of the block through Urban Renewal Agency funds or private subscription. This would increase the value of all the property in the area, he said.

Brown said the city owns one-half of the Purity Stores lot, but this half is under water. The firm owns the building and the adjoining parking lot.

Henry W. Ehlers, real estate manager for Purity Stores, today denied that the Sausalito store is listed for sale or ever has been. He said his firm has been approached with offers of purchase and the inquirers were told their offers would be considered, but "any rumors as to developing another store in Sausalito are entirely unfounded."

Titov Flight Just A Stunt, Expert Says

STANFORD (AP) — The orbiting space flight by Russian cosmonaut Titov was a "stunt just to support Nikita S. Khrushchev's position on Berlin," declares Helmut Schlitt, German-born scientist who helped develop Nazi Germany's V-2 rockets in World War II.

"It was timed just for that purpose," Schlitt told newsmen yesterday at the American Rocket Society's national conference at Sanford University.

"The advances made in understanding the nature of space are not made merely by seeing who can shoot the heaviest payload into orbit," said Schlitt.

He is working on U.S. space projects with Bell Aerosystems Co. of Buffalo, N.Y.

Alto Sanitary Chief

William P. Stickney was appointed acting chairman of the Alto Sanitary District Monday night to take the place of chairman Sidney L. Chapin, who has been ill for about two months, secretary Sidney Dooray reported. Stickney, a director, lives at 30 Shell Road.

Senate Protest Rages Over Kennedy Nominee

WASHINGTON (AP)—Sen. William Proxmire (D-Wis.) today ended a marathon protest in the Senate against the nomination of Lawrence J. O'Connor Jr. to the Federal Power Commission.

The senator had held the floor for 26 hours and nine minutes.

Senate Democratic Leader Mike Mansfield of Montana took the floor immediately to say that Proxmire had not been conducting a filibuster.

"I think he has performed a service and acted wholly and entirely within the rights of a senator," Mansfield said.

Proxmire told the Senate over and over again that he did not believe O'Connor was qualified for the appointment because of close association with and financial holdings in the gas industry.

He said the Commerce Committee, which had approved the nomination, made public no information of the extent of these holdings and did not disclose how O'Connor proposed to dispose of them.

Sen. Wayne Morse (D-Ore.) earlier allied himself with Proxmire in opposition to confirmation of O'Connor. Morse, in a speech that gave Proxmire a brief rest, said the Senate would not get around today to a vote on the nomination.

Morse said Proxmire had awakened the nation to "the rottenness" of the nomination made by President John F. Kennedy, and thundered in the nearly empty chamber: "The president of the United States ought to withdraw this nomination forthwith."

The White House had no comment on Morse's demand.

With Morse in the contest, the picture underwent a dramatic change. Only a few minutes earlier Proxmire said he was nearing the end of his long speech and did not intend to prevent a vote on O'Connor's nomination later in the day. But after Morse was recruited, he said he was prepared to carry on the fight.

Variance Granted

The Larkspur Planning Commission last night granted a variance to Mrs. Pauline Backman of 107 Holcomb Street to build a two-bedroom addition onto a duplex at that address. The commission then continued its study of the proposed zoning ordinance.

Brusatori Shows 'Improvement'

Superior Court Judge N. Charles Brusatori "showed improvement and spent a better night" last night, according to San Rafael General Hospital attendants.

Judge Brusatori suffered a heart attack as he was preparing for bed Sunday night and was taken to the hospital in "serious but not critical" condition.

Mystery Shot Almost Hits Man

A mysterious shot from a high powered rifle narrowly missed a Greenbrae man in his home this morning.

Phillip S. Haly of 141 Barranca, told Larkspur Police Chief Howard Clark that he heard a thud while taking a shower at 7:40 a.m.

A bullet entered the adjoining room 20 inches from Haly's head, crossing the 13-foot room and embedding itself in the wall. Chief Clark said that a 30.06 slug was recovered from the wall.

MORTIMER W. COOMBS
Honored on retirement

Bank Manager In Larkspur To Be Honored

Approximately 150 friends and business associates will honor Mortimer W. Coombs on his retirement as head of the Larkspur branch of Bank of America, at a dinner tonight at Sabella's. Coombs will retire on Aug. 31.

Coombs, a native of Newton, Mass., graduated from Lowell High School in San Francisco and University of California in Berkeley.

He started his banking career as night transit man at the Fourth Atlantic National Bank of Boston in 1916. In 1918 he went to work for the Metropolitan Trust Co. in Washington, D. C.

He moved to San Francisco in 1923, working for W. P. Fuller and Co. He joined Bank of America on Feb. 1, 1926 as a teller at the San Mateo branch. In 1929 he was assigned to the bank's Half Moon Bay branch, and from 1931 to 1935 he was assistant cashier of the West Portal branch in San Francisco. He was next at the San Anselmo branch until 1948, when he was made manager in Larkspur.

He has been secretary for 22 years of the Marin Clearing House Assn. and is a past president of the Marin County chapter of the Institute of Banking.

Coombs has been treasurer and vice-president of the Larkspur Lions Club, a director of Twin Cities Post of the American Legion, director of the Larkspur Druids, finance chairman of the Boy Scouts and treasurer of the Girl Scout Council of Marin County, treasurer of the Larkspur Chamber of Commerce.

He is a member of the Blue Lodge of Masons, San Rafael Masonic Lodge, and treasurer of the Larkspur DeMolay.

Coombs served in the Navy during World War I.

He and his wife, Leona, have twin daughters and four grandchildren.

No Decision On Assessor Promotions

Another spirited hassle over promotions in the office of the county assessor created turmoil among Marin County supervisors yesterday, with decision deferred.

Assessor Bert W. Broemmel wrote the board that "pressure from private enterprise recruitment has forced the issue" because "during 12 months we have lost over 30 per cent of our appraisers with over two years experience."

He sought two promotions to supervising appraiser, and two others to fill vacancies thus created.

His request was to put Solomon Eason and George Hall Jr into the higher positions, at $669 apiece, and to fill their $581 positions with Thomas L. Brown and James Hutchison.

He accompanied this with a recital of how the four had qualified by home study, the department's advanced training program and such experience as Hutchison's feat of appraising the entire town of Ross last year.

Supervisor J. Walter Blair as chairman of the finance committee had recommended against the raises, but Chairman William D. Fusselman said there was confusion in thinking and that Broemmel's course was proper. Fusselman indicated dislike of the "cycle" reappraisal program and said once it had gone around he'd hold the assessor down.

Hub Man Faces Heroin Charge

Leo John Galli, 21, of 151 Aldar Street, San Anselmo, will face a Superior Court judge in San Francisco at 9:30 a.m. Monday for probation report and sentence for selling heroin.

His guilty plea before Judge Gerald Levin in San Francisco resulted in dropping of a charge of narcotics possession for which he had been scheduled to go to trial yesterday in Marin Superior Court, Acting Dist. Atty. Bruce B. Bales said.

Galli is free in bail of $2,500 posted in San Francisco, said his attorney, Richard V. Bettini.

Hub Seeking Final Settlement On Miracle Mile Land Strip Tangle

The San Anselmo City Council last night instructed its attorney to negotiate settlement of a legal matter which has plagued the city for more than 10 years.

City Atty. John G. Buresh was authorized to offer $5,000 to the now-defunct Highland Realty Co. as payment for a strip of land about 30 feet wide and one-half a mile long which is part of the Miracle Mile.

Ownership has been in doubt since prior to the turn of the century when it was deeded to the Northwestern Pacific Railroad as a right of way. Through of the original owner, the realty company claimed the land. The claim was rejected by superior and appelate courts but upheld by the state supreme court.

Buresh said he considered $5.000 a fair offer.

He was instructed to report to the council the results of his offer.

The council set Aug. 22 to discuss plans for paving of the Hub intersection at Sir Francis Drake Boulevard and Red Hill Avenue. The $17,000 cost, to be financed entirely by state funds, has not received state inheritance and sale by heirs approval.

Also set for the Aug. 22 meeting was acceptance of bids for street lights for the city.

In other action last night, the San Anselmo Council:

1. Approved construction of a retaining wall along San Anselmo Creek adjacent to the Red Hill Nursery.
2. Approved a Chamber of Commerce parade through downtown streets Oct. 21.
3. Authorized a variance for construction of a 67-foot-wide driveway at 19 Belle Avenue giving access to six carports.
4. Rezoned from duplex to apartment use two lots on Ross Avenue belonging to Felice and Teresa Guasco and Michael Smith, and from single-family to duplex two lots at 27 Merced Avenue belonging to Allen Larkins Jr., Donald P. Thompson and Louis and Eleanor Palazzi.
5. Approved July warrants for $47,761.

Cigarette Causes Wreck Of Auto

A dropped cigarette caused a car to mow down a light pole on the Waldo Grade this morning with injury to the driver.

Alfred Robert Baldocchi of 168 Blackstone Drive, Marinwood, 63, and with 40 years' driving experience, pawed with both hands at his coat front when a cigarette dropped out of his mouth at 12:50 a.m. as he drove north just below the Waldo Tunnel, he told the California Highway Patrol.

His car drifted into the divider section and struck a light pole which fractured and fell on the vehicle.

Baldocchi was treated at Marin General Hospital for cuts of the scalp, nose and lower lip.

Scouts To Lend Hand In United Crusade

Boy Scouts again will lend a hand in the 1961 United Crucade.

Charles L. Convis of San Rafael, chairman of the business division, announced today that Marin Council of the Boy Scouts will conduct the drive in his division. Adult Scout leaders and council executives will organize and direct the crusade throughout the county.

The Scouts also will help in the campaign by lending Scout Hall in San Rafael for meetings and packing of campaign kits.

A total of 333 volunteers will be organized in 10 community areas to contact 2,240 Marin firms.

Community chairmen are: Rex Silvernale, San Rafael; Mrs. Clyde Curley, San Anselmo; William Bemiss, Fairfax; John Lethbridge, Kentfield, Ross and Bon Air; Miss Florine Hoffman, Larkspur; Mrs. Fred Apostoli, Mrs. George McDevitt and Robert Batty, Corte Madera; William Fleming, Mill Valley, Alto and Tamalpais Valley; Hugh Lawrence, Sausalito; Albert De Mello, Tiburon, Belvedere and Bel Aire; Ross Wright, Novato.

County Board Splits On Recorder's Office

The Marin County Board of Supervisors split 2-to-2, with George H. Ludy abstaining, yesterday on a motion to schedule immediate removal of the recorder's office to the nearly completed first unit of the civic center.

A dispute developed over space for the recorder's large photostat machine. County Administrator Alan Bruce said it would "take away one year of space" from the office, which had been planned to accommodate expansion over a five-year period.

Civic center architect Aaron Green said it would not be feasible to expand the recorder's office into the adjoining lunch room space, although Recorder Noel T. Giacomini wondered "why is it that the coffee shop has such a high priority?"

Despite the reported space squeeze, Supervisor Walter R. Castro moved that the recorder be scheduled immediately for moving to the civic center, but only William Gnoss supported his motion.

There were more than 27 million chickens on California farms and ranches in 1960.

Equestrians Postpone Show

The newly organized Inverness Equestrians have decided to postpone indefinitely their horse show planned for Aug. 27 in Inverness.

Mrs. Stewart Purcell, secretary of the group, said that because of previous commitments several teams and exhibitors have announced they will be unable to attend this year and it was felt the show would not serve the purpose for which it was planned. An application has been made to the American Horse Shows Association for an early date next summer.

Meanwhile the Inverness equestrian team, captained by Vladimir Nevl, will enter several other shows on the coast.

Curriculum Study List Grows

The San Rafael Board of Education will have 33 names from which to select citizen and teacher members of a curriculum study committee.

Six nominations were received during the past week with the deadline yesterday, announced Acting Supt. Raymond J. Simpson.

Among the last six nominees is Victor Jones of 1348 Grand Avenue, retired clerk of the school board and longtime coach and teacher at San Rafael High School.

Two present high school teachers also were added to the list within the past week: Hugh Paterson and Paul Woelz, the latter being another nominee of the San Rafael Teachers Assn.

Other names added were those of Ralph Green, 261 Humboldt Avenue; Mrs. James Ringrose, 732 San Pedro Road, and Mrs. Gordon Edwards, 44 Kinross Drive.

The full list will be presented to the board of education at its meeting at 7:30 o'clock tonight in the city schools office on Mission Avenue. Selection of committee members is expected at the first September meeting of the board. Curriculum directors for high school and elementary school districts and a member of the board itself are to be included in the committee, which is tentatively set up for 15 members.

Award of contract for the Coleman School addition, plus opening of bids for a faculty room at Coleman School, are scheduled for tonight's session.

Highway 101 Work Bids To Be Opened

Road shoulders are to be reconstructed and drainage facilities installed on Highway 101 starting 2.2 miles north of Novato's Atherton Avenue and continuing to Petaluma Creek, it was announced in Sacramento today.

The state division of highways called for bids to be opened in Sacramento Sept. 6. State highway funds totaling $155,000 are available.

World War I Bomb Found Still Alive

HAMPTON, Va. (AP) — J. F. Stall, superintendent of sanitation, thought a bomb uncovered in digging a drainage ditch would look good outside his office.

He changed his mind after an ordnance disposal team from Langley Air Force Base found the World War I relic was loaded with 52 pounds of high explosive.

Recall-Blair Petitions Are Growing

Fifteen hundred signatures have been collected on petitions for recall of County Supervisor J. Walter Blair—more than half the number necessary to authorize a recall election, chairman Franklin J. McClain of the Recall Blair Committee said today.

He said the interest in the movement has been "excellent" and "we might be able to wind it up this week." This timetable, McClain continued, would make it possible for an election before Thanksgiving.

He said that the next tally of signatures is expected to be made on the week end.

In addition to the 1,500 signatures, McClain said that 125 names of sponsors of the committee's candidate, Peter Behr, have been collected.

Behr, a San Francisco attorney who lives at 212 Del Casa Drive in Mill Valley, has said that if sufficient signatures are certified for the recall, he is willing to run as candidate to replace Blair.

McClain said 200 petitions are being circulated in Blair's supervisorial district, which covers Sausalito, Tiburon Peninsula, Mill Valley and the southern portion of the West Marin coast.

Child Neglect Trial Delayed

Trial of 31-year-old Mable Lora McClelland, of 221 Norton Avenue, Black Point, on a charge of child neglect was delayed by a sanity hearing scheduled for 1:30 p.m. today in Marin Superior Court. She pleaded guilty July 24.

She had been scheduled to go to trial yesterday but was committed to Napa State Hospital Aug. 1, assistant probation officer James Soetaert told Judge Leonard A. Thomas in Municipal Court. Her case then was continued to Aug. 15.

Napa authorities were expected to report their findings for consideration at today's sanity hearing.

Mrs. McClelland was arrested July 21 after a neighbor reported her five children from the ages of 1 to 9 years were alone in the house all day.

National Guard Unit Seeking Volunteers

Volunteers are needed to fill vacancies in the 28th Battalion, California National Guard Reserve, Lt. Col. Anthony P. Barbera Jr., commanding officer, said today.

The battalion meets on Friday nights at the Marin Armory at 155 Madison Avenue on the new civic center site in Santa Venetia.

School Budget Is Approved For San Jose

A $1,058,693 budget has been approved by trustees for operation of the San Jose School District for the 1962 fiscal year.

The tax rate totaling $3.07 per $100 assessed valuation, is expected to remain about the same, Duane Moeller, assistant superintendent of the district, reported.

The budgeted funds will pay for operation of four elementary schools, with a fifth one under construction. There are 2,100 students expected to be enrolled this fall, compared to about 1,750 who entered last fall.

Included in the budget is about $35,000 from expected federal funds under bills now under consideration in Congress, Moeller explained.

If funds do not come through the district's $94,015 undistributed reserve fund now budgeted will make up the difference.

This year's budget includes $526,866 for classroom teacher salaries and $53,995 for bond redemption, loan repayment and teacher retirement funds and other fixed costs. Last year's total budget was $893,279.

Trustees at their meeting Monday night also approved hiring of Mrs. Eunice Craig as secretary at Lynwood School; Mrs. Norma Greer, secretary for Pacheco School, and Mrs. Marie Turner, library clerk.

Tiburon Fire Unit In Closed Session

Tiburon Fire Protection District commissioners Monday night held a closed session following their regular meeting to discuss hiring a fire captain, but took no action.

A special meeting will be held at 7:30 p.m. Aug. 16 to discuss the matter further, said secretary Kelly J. Wheeler.

Commissioners authorized salary increases to Fire Chief Frank J. Buscher from $575 to $605 per month and to Fireman Clive Coverdale from $425 to $450 and Fireman Donald A. Smith from $415 to $425. They also paid bills totaling $2,001.

St. Rita's Plans Labor Day Fete

St. Rita's Catholic parish will hold its 30th Labor Day Weekend Festival starting at noon on Sept. 2 and continuing until 10 p.m. on Sept. 4.

The festival will be held on the parish grounds in Fairfax with games and rides for children. On the opening day, the Italian Catholic Federation will serve chicken and spaghetti dinners.

Highlighting the festival will be booths for prizes and booths for foods ranging from cakes to hams.

Chairman for the program will be Joseph Bianchini of Fairfax. In charge of ticket information is Mrs. W. J. McPartland of Fairfax.

PLAN FOR COLLEGE EXPANSION

Marin Junior College District is negotiating for purchase of 11 acres across College Avenue from the College of Marin campus in Kentfield to add to the 27 acres of district property on that side of the street. The purchase would make possible expansion of the college on the plan shown here, which would separate gymnasium and athletic fields from the 23-acre main campus. Plans call for seven classroom buildings on the area now occupied by gym and athletic field. An auditorium and administration building would be located near the art building.

State Might Lose Fund For Education

SACRAMENTO (UPI) — California's education chief warns that unless Congress acts soon, the state may lose up to 13 million dollars in federal aid to school districts with large numbers of federal workers' children .

Roy Simpson, superintendent of public instruction, says losses would range up to 2.5 million dollars in San Diego County, 1.9 million in Los Angeles, and 1.2 million in Sacramento.

Any reduction in the 31 million dollars in federal aid now made available for these and other districts would cause great hardship, Simpson says.

"California school districts are right notw trying to budget for next year not knowing if federal aid will continue," he says. "If that aid ends or is reduced, these districts face tax increases of up to $1.80 per $100 of assessed valuation."

Critical is President John F. Kennedy's general aid to education legislation that would provide an estimated 57.2 million dollars for California school districts.

A State Education Department spokesman said any distribution of these aid funds would leave certain areas with critical problems.

Campfire Girls' Office Robbed

The Campfire Girls were poorer today by $37.46 in stamps and cash.

Elsie Pearl Mazzini, region 10 secretary, reported to San Rafael police that her office in the Cheda Building was broken into sometime over the weekend.

Police said the thief jimmied the door and desk drawers, helping himself to a $4 roll of stamps and $33.46 in petty cash.

Exams Set Tomorrow At College Of Marin

Aptitude tests for incoming students at College of Marin will be given from 7:30 to 9 p. m. tomorrow in room 96 Olney Hall, on the Kentfield campus.

The aptitude test is a standard part of pre-registration at the college and is used for counseling purposes.

'Block House' Low Bidder Announced

Reliance Enterprises, Santa Rosa, was low bidder Monday at $348,396 for renovation of the "Block House" at Hamilton Air Force Base to turn it into an electronic nerve center for control of planes.

The work is expected to take almost six months for removal and reinforced reconstruction of a floor, construction to house electrical and power equipment, and partition removals and construction.

When completed, the white building on top of a hill at the base will become a SAGE center for semi-automatic ground control of aircraft through radar.

Final decision on awarding contracts is expected to take at least two weeks, base officials said.

Five other bids ranged to a high of $468,070 by A and E Associates, Inc., San Francisco. The government construction estimate was $250,000.

Driveshaft Stolen

Mrs. Virginia King, of 29 Glen Court, Sausalito, reported to the sheriff's office that someone stole the driveshaft of her car in broad daylight Sunday while it was parked near a restaurant on the Alto Strip.

Yosemite 'Copter Rescues Cost U.S. Taxpayers A Lot Of Money

YOSEMITE NATIONAL PARK (UPI)—Hardly a summer day passes without a whirlybird soaring over the lofty Sierra on mercy missions which a few years ago were tediously accomplished on foot.

The "flying ambulances" have overcome altitude barriers to make possible quick evacuations of injured hikers and campers but they are costly. In most cases, the taxpayers bear the expense.

"In my 35 year career, very few people have volunteered to pay rescue costs," says John C. Preston, superintendent of Yosemite National Park. "We've tried sending bills a good many times. Sometimes we have received part payment."

The National Parks and Forest Service contract with private firms for 'copters for standby fire duty. When diverted on a hiker evacuation, the cost ranges from $125 to $200 an hour.

"Of course, we go get them first and figure out later how to pay for the rescues," says Preston. "The 'copter firm usually is directed to send a bill to the parties involved and then we see what happens."

Preston and other forest officials note the accessibility of 'copters has resulted in rescues with a non-legitimate taint. There have been evacuation cases where hikers and campers later were discovered to have imaginary illnesses or "accidentally" left their prescriptions pills at home to go on backcountry outings.

Preston believes "many feel it is our duty to get them out of trouble." When involved in near civilization mishaps, however, they call an ambulance and expect to pay the bill.

While choppers cut through the rarefied air over the mountain peaks or rangers tangle on ropes from cliffs to effect rescues, the park service is vulnerable under the Federal Torch Claim Act to all sorts of alleged misdeeds in its conservation policy.

The claims and suits have made rangers wary and curtailed some naturalist programs. Preston discontinued ranger-sponsored hikes to Yosemite's highest peak, 13,090 foot Mt. Lyle, because of "the hazards involved."

JACK SANFORD:

'Pitch Just Got Away'

SAN FRANCISCO (AP)—Jack Sanford isn't mad at Don Cardwell and Cardwell isn't mad at Sanford.

That's what they say, anyway.

It sure looked as though they were last night, though, when Sanford and the San Francisco Giants beat Cardwell and the Chicago Cubs 8-1.

Cardwell 9-10 left the game in the sixth inning after he was hit on the back of the head by a pitch thrown by Sanford.

Sanford 7-6 said after the game that the pitch "got away from me. He was the first batter of the inning and I didn't warm up enough. I wasn't trying to hit him."

Cardwell, who was asked in the Cub dressing room whether he thought Sanford had thrown at him, shook his head and grunted "nope."

Except for hitting Cardwell, Sanford's control was close to perfect. He struck out nine, allowed only five hits and didn't walk a man.

The Giants, meanwhile, collected three first inning runs on a walk to Joe Amalfitano and singles by Harvey Kuenn, Willie Mays, and Orlando Cepeda.

Cub third baseman Ron Santo made a good stop on Kuenn's hit but couldn't pull the ball out of his glove in time to make a throw. Mays hit his two-run single after first baseman Ed Bouchee and catcher Sammy Taylor allowed Willie's high pop foul to fall between them. Mays then stole second and third and by the time he scored on Cepeda's single Cardwell appeared thoroughly miffed.

He sent Sanford tumbling into the dirt with a close pitch in the second and hit Cepeda in the back with a third-inning pitch. A lot of nasty glances were circulating at that point.

Taylor's single and Richie Ashburn's two-out triple to deep center made it 3-1 in the third.

But the Giants scored three more in the sixth on Ed Bailey's walk, Jose Pagan's triple and a 400-foot homer by Sanford, his third of the year. The Giants' final two runs crossed in the seventh when Mays and Cepeda singled with two out and scored on Bailey's triple. Bailey was cut down at the plate, trying to stretch his shot into a homer. The Giants' last five runs were scored against Don Elston.

It was the 12th Giant win in 15 games with the Cubs.

Mike McCormick 9-10 faced the Cubs' Bob Anderson 5-7 today.

LIKE A STUDENT DEMONSTRATION — Philadelphia Phillies and Pittsburgh Pirates mix it up in free-for-all which erupted in the sixth inning of second game in Philadelphia last night. Police swarmed onto the field and later patroled the dugouts. Identifiable players include Pirates' pitcher Harvey Haddix (31); Bob Skinner (4), and Phillies Pitcher Frank Sullivan (29). Pirates won both games, 10-2 and 3-2. (AP Wirephoto)

Phillies May Be N.L. Chumps, But Sure Punch Like Champs

By MILTON RICHMAN
UP International

For sheer guts, you gotta hand it to those fightin' Phillies, who may be chumps in the National League but kept punching like champs in one of the wildest player brawls of recent years.

Let's face it—the Phils can't get too worked up about the current pennant race. They're dead last, they're 36 games off the pace and their present 12-game losing streak is their longest in six years.

But that doesn't mean they'll pass up a good fight and they proved it to the Pittsburgh Pirates last night by staging probably the most rollicking battle seen in Philadelphia since the memorable Marciano-Walcott slugfest.

BRAWL PATIENTLY

This one was a dilly, unlike most baseball brawls where two players square off and then patiently wait for cooler heads to break it up.

It all started during the sixth inning of the second game of a doubleheader when Tony Gonzalez, trying to score from second, was thrown out at the plate by Roberto Clemente. Pirate catcher Hal Smith tagged Gonzalez with such vigor that the Philadelphia center fielder came up punching.

Players from both dugouts immediately streamed onto the field and promptly were joined by shock troops from both bullpens.

At one time, six different fights were going on simultaneously. Ancient Connie Mack Stadium looked like the old Roman Coliseum, with players rolling and wrestling in the dirt, spikes flashing and even the traditional peace-makers getting in several fine licks.

POLICED DUGOUTS

Police were stationed at each dugout after some semblance of order was restored, and manager Gene Mauch announced the Phils were playing the game under protest because Hal Smith was not ejected. Later Mauch said he was going to forget the protest because he had no real grounds for complaint.

But he won't be able to forget that black eye he'll be wearing for the next couple of days.

Oh, yes, the ball games. The Pirates won 'em both, 10-2 and 3-2.

Elsewhere in the National League, things were a bit quieter.

The Los Angeles Dodgers increased their lead to a full game with a 7-3 victory over the Milwaukee Braves and the St. Louis Cardinals downed the Cincinnati Reds, 6-5.

The New York Yankees preserved their three-game lead in the American League with a 5-4 victory over the Los Angeles Angels in 10 innings, the Detroit Tigers defeated the Chicago White Sox, 3-0, the Cleveland Indians topped the Washington Senators, 6-5 in 10 innings, the Minnesota Twins edged the Boston Red Sox 6-5, and Baltimore won the first game of a twin-bill with Kansas City, 7-0, but dropped the nightcap, 6-5.

FIGHTS LAST NIGHT

SACRAMENTO—Terry Smith vs. Art Garcia bout postponed to next Tuesday.

United States Wins Nine Gold Medals

HELSINKI (UPI) — United States athletes had nine gold medals already stowed away in the Deaf Olympic games today but they'll have to do a whole lot better in the final two days of the competition to beat off both Russia and Germany.

Rom Ripic of Endicott, N.Y., won the United States' fifth gold medal of the five-day competition yesterday when he took the men's discus with a heave of 136 feet, 2¼ inches, while Paul Adams added a sixth gold medal when he won the men's 400-meter run in 50.4 seconds.

Then, the Yanks picked up two more gold medals in the swimming competition to make it nine victories in three days.

Giant 'Boxcar' Use To Be Worth Laugh

FAIRFIELD, Conn. (AP)—They laughed when Sylvester "Boxcar" Cooper came to the New York Giant camp from Bakersfield, Calif., Junior College to play guard.

But they are laughing no more. Coaches and fellow players have watched Boxcar sweat down to a mere 305 pounds in little more than two weeks of preparation for the National Football League wars. That is a loss of some 30 pounds from his former 51-inch waistline.

Cooper, who stands 6 feet, came to the Giants with a reputation of strength, speed, weight but lack of agility. In little more than two weeks, Cooper has subtracted from his weight, added to his speed, kept his strength and vastly increased his ability to charge laterally.

The Californian, who will make the trip to Portland, Ore., for the Saturday night exhibition with the San Francisco 49ers, is seeking a job as defensive guard. It is a spot in which the Giants are especially rich.

But that doesn't trouble Boxcar.

No Football Team

SAN DIEGO (UPI) — The San Diego Naval Training Center will not field a football team this year. Navy officials said "the world situation" was the reason.

SAN FRANCISCO 49ERS

Hickey To Use Vets Against N.Y.

MORAGA (AP) — Coach Red Hickey said last night he will go with his veterans as starters in the San Francisco 49ers opener against the New York Giants in Portland, Ore., Saturday night.

The only inexperienced starter could be a replacement for the injured J. D. Smith in a running halfback spot, Hickey said. If Smith, the 49ers' leading ground gainer in 1960 can't make it, either Dale Messer, Ray Norton or Bernie Casey will get the call.

The 49ers worked out under the lights last night to prepare for the exhibition season which has four of five games scheduled for after dark.

Defensive halfback Dave Baker worked out with the team for the first time. Baker, given permission to join the squad late so he could finish summer school at Oklahoma, will be ready for action in Portland.

But Jim Ridlon will start in his place at defensive safety.

Hickey reported that the injury situation is unchanged. He said Smith is "very doubtful" for the Giants game, and halfback Charley Fuller is definitely out.

Rookie Jim Johnson, former UCLA star who broke his wrist preparing for the All-Star game, was expected to begin working out today, but he will get no contact work for about a month.

Scribes Make Their Picks Of Men On The Giant Dispensable List

CONNOLLY

Without hesitation our fellow baseball writers listed the Giants they believe will be offered for draft at the end of the season by the two new National League clubs, the New York Mets and Houston Colts.

A couple of them requested that their names be withheld. Because there are only five of us who travel the baseball beat with the Giants, we will identify only our own list to protect the requested anonymity of the shy duo.

No. 1—Eddie Bressoud, Hobie Landrith, Sam Jones, Ernie Bowman, Billy Loes, Dom Zanni and Jim Marshall. Premium picks—Willie McCovey and Harvey Kuenn.

No. 2—Jones, Zanni, Bressoud, Loes, Marshall and Dick LeMay. (Couldn't decide on the seventh man). Premium picks—McCovey and Ed Bailey.

No. 3—Loes, Landrith, Bowman, Marshall, Zanni, Bressoud and Billy O'Dell. Premium picks—McCovey and Jones.

No. 4—Marshall, Bressoud, Landrith, Zanni, Loes and Bowman. (Couldn't decide on seventh). Premium picks—Jones and O'Dell.

Our selections—Loes, LeMay, Landrith, Zanni, Marshall, Jones and Bressoud. Premium picks—McCovey and O'Dell.

There are only a couple of surprises—Kuenn in the list of No. 1 and Bailey in the list of No. 2. Otherwise, the lists, independently compiled at our request, generally are in accord.

We purposely omitted Bowman from our list because he is one of the classiest fielding rookies in the entire Giant farm system. His great weakness, of course, is a very light bat. But he can make the double play.

And we reluctantly included Bressoud in our list—not because we don't think the Giant hierarchy will offer him for draft, but because Eddie is only a few classroom hours away from his master's degree and he plans a teaching and coaching career.

Bressoud likes where he now lives in Los Altos but might not like the idea of moving his family to Texas or New York—or leaving them in Los Altos while he is doing all of his traveling out of the east and southwest, seeing them only occasionally when the Mets and Colts come into Candlestick.

Thus, it's entirely possible Bressoud might cut short his baseball career to expedite getting his master's degree at San Jose State.

In addition to the nine active players the Giants will put in the draft pool, they also will nominate eight from their option list. Here are the opiton men and the teams with which they now are on loan:

Don Choate (Portland), Ray Daviault (Tacoma), Dick Denton (Eugene), Jim Duffalo (Tacoma), Ed Feldman (Fresno), Ed Fisher (Tacoma), Dick Dietz (El Paso), Tom Haller (Tacoma), Randy Hundley (Fresno), Bob Farley (Tacoma), Gil Garrido (Tacoma), Chuck Hiller (Tacoma), Cap Peterson (Eugene), Arlo Engel (Fresno) and John Weekly (Tacoma).

'Will Stick By My Race,' Says Gene

PITTSBURGH (UPI) — Gene (Big Daddy) Lipscomb said he would "stick by my race" in a decision expected to be made later today on telegrams received from the NAACP asking four Pittsburgh Steelers not to play in an exhibition game against the Baltimore Colts Saturday night in Roanoke, Va.

The mammoth tackle, recently traded to the Steelers by the Colts, refused to speculate on the outcome of the controversy but said there were "many things to be considered."

Lipscomb, fullbacks John Henry Johnson and Charley Scales and tackle John Nisby received telegrams Tuesday from Rev. R. R. Wilkinson, president of the Roanoke Chapter of the National Association for the Advancement of Colored People. Telegrams also were sent to Negro players of the Baltimore Colts requesting them not to participate in the contest because seating in city-owned Victory Stadium is segregated.

Wilkinson said he received telephone calls from halfback Lenny Moore of the Colts and Johnson saying their Negro teammates would prefer not to play.

The NAACP leader reported, however, that the players said the final decision would be up to the management of their respective clubs.

Lipscomb said the outcome would be a result of joint talks among those involved in the incident. Big Daddy said he could not speak for other Negro ballplayers on his club, 12 in all, but stated: "I will stick by my race."

Other Colt players who received telegrams included fullbacks Joe Perry and tackle Jim Parker.

A Steeler spokesman said the Pittsburgh players were discussing the telegrams at the Steeler training camp in Slippery Rock, Pa. The spokesman said yesterday, "our players will probably discuss the situation with Colt players involved before making a decision."

When asked if the Steelers could play without the four men, the spokesman said, "it might be very difficult."

In his plea to the players, Wilkinson asked them not to play "because we're engaged in a fight for freedom, civil rights and justice."

Were Those Giant Boners The Doing Of Dark, Or Of The Team's Brass?

HANLEY

The true story on the collapse of the San Francisco Giants in the 1961 National League pennant race may never be told.

Alvin Dark, freshman manager, will naturally blame himself

"I overrated myself and the club," he told me just a few days ago.

And you can believe it, if you want. Not me. I can't buy it.

Dark made mistakes, to be sure, but most of those so-called "experimental mistakes" were not of his own making, nor thinking. They couldn't be. They had to be dictated.

TO BEGIN with, Dark wasn't giving out like a freshman pilot when he said last spring:

"McCovey will play first base, Cepada the outfield."

Everybody knows Dark hadn't seen enough of McCovey to make such a positive assertion.

"Hiller and Haller," said Dark, "are my choice for second base and catcher, respectively."

Neither Hiller nor Haller was ever seen by Dark until he met them face to face in Phoenix at training camp.

So you know "influence" was behind Dark's remarks.

"Kuenn will play every position in the infield, as needed, or the outfield," was another Dark declaration.

The story on Kuenn is apparent. He has never played a game at first base, second base or shortstop since joining the Giants. And no matter where Kuenn has played, he has never acted like a $40,000 a year athlete, hitting under .270.

Kuenn, as the story goes, is variable. He hit .332 in 1957 and in 1958 he wound up at .277. Maybe lightning has struck twice in his case.

DON'T BLAME Alvin Dark—that is, don't blame him altogether. The "influence" of Giant brass could have bugged him.

Dark was sold on Mike McCormick and, in my opinion, McCormick, aside from Willie McCovey, is the biggest flop of the year. An inflated noggin may be to blame, but if he doesn't get cut 25 per cent in pay in 1962, I'll miss my guess.

How can anyone say Dark is a "top flight" manager, or even a potential top flight pilot, when he placed so much confidence and trust in Billy Loes and Billy O'Dell? There might be some reason for going overboard on Sam Jones, a veteran now hitting the skids, but on the other two flingers it was a blind guess, or "influence."

Jack Sanford, the spoiled brat of the Giant pitching staff, has been in baseball since 1948, and yet he doesn't yet know that the plate umpire is no man to scuffle with. And if he's that dumb, how can he win?

When he reported to the Giants last spring, Juan Marichal brought a tired right arm. He had pitched too much in the Dominican Republic. And for nickels and dimes. With the Giants he has gone half the year resting up, and now he looks good. He'll probably be exhausted next spring when he shows up.

Stu Miller, of all the Giant pitchers, has earned his chops. He came in as a relief pitcher, made good and deserves everything he can pry loose from his bosses.

The rookie pitchers with the Giants can't be blamed. They're green peas and should pay their way into the ball park.

THE STORY on the Giant infield is simple. There's three up and coming defensive players who will be lucky to finish hitting around .260. Any club with a first sacker like Cepada can pack one good defensive player, but not three, who can't nit.

Was it Dark who kept Joey Amalfitano on the bench until after Blasingame and Hiller left or was it Giant "influence"? The story may never be told, and if it is, I wonder if it'll be whole "truth and nothing but the truth."

Remember, Alvin Dark is a hired hand. He does what he is told. And it could possibly be that he is a victim of "influence."

Play Resumes Tonight In Softball Meet

Sohner Tree Service (1-1) tangles with Peri's Tavern (0-2) tonight as action resumes in the second annual San Anselmo Invitational Softball Tournament.

Game time is 6:30 p.m. in the Hub City's Memorial Park.

A Sohner victory would move the Treemen into a first place tie with Hamilton Field and Presidio. The two service teams posted 2-1 records in last weekend's action.

Fast-baller Jay Leatherwood will hurl for Sohner's tonight against either Dick Johnson or Sid Walker for Peri's.

Peri's will battle Presidio tomorrow night and Hamilton and Presidio clash Friday. Three contests Saturday and two more Sunday will conclude the tournament.

Base Hosts Tournament

The Hamilton-Loma Verde and Marinwood minor league all-tar Little Leaguers clash tonight at 6 on the Hamilton Air Force Base diamond in a second round game in the air base's current invitational tournament.

Hamilton-Loma Verde advanced unbeaten into the second round of the tournament by defeating the San Rafael American League all stars 21-4 Monday night. Conrad Matson was the winning pitcher as his team outhit the San Rafael boys 11 to 2, and committed only one error against nine for their rivals.

Marinwood drew a first round bye.

San Rafael's minor leaguers remain in the tournament running, since it is a double elimination affair. They will return Friday night to meet the loser of the Hamilton-Loma Verde vs. Marinwood clash in an elimination game.

The tournament's minor league championship will be decided Saturday.

FANS LIKE TO WATCH THE HOMERS

NEW YORK (AP)—The New York Yankees, presenting an appealing one-two home run punch in Mickey Mantle and Roger Maris, are out-drawing the other nine American League clubs on the road by almost two to one.

In 49 road appearances, the Yanks have played before 1,177,620 customers for an average of 24,033. The total for the other clubs in the same ball park is 4,674,967 for 371 dates and an average of 12,601.

The Yanks have also attracted the largest single day crowds in six ball parks — 44,332 in Baltimore; 43,960 in Chicago; 35,199 in Minneapolis-St. Paul; 32,186 in Boston; 27,126 in Washington and 19,865 in Los Angeles.

Net Of 48 Takes Mill Valley Event

The team of Dee Holcomb of San Rafael and Art Walenta of San Anselmo turned in a net of 48 to win first place in the Best Ball Twosomes Tournament at the Mill Valley Golf Club Sunday.

Tying for second with nets of 51 were the teams of Tom Wallace of Corte Madera and Bill Canham of Mill Valley, and Cliff Snow of Mill Valley and Byron Eggleston of San Rafael.

NEW FAIRFAX BANK—Shown above is the new building of Bank of America in Fairfax, which will be opened for a public preview tomorrow evening. Below, 10-year-old Bill Wells of Fairfax investigates the night depository—with the vault door of the depository still on the ground, not yet installed in its place. (Independent-Journal photo)

New B. Of A. Opens Monday In Fairfax

The new Fairfax branch of Bank of America will open Monday in quarters at School Street and Broadway twice the size of the building they replace.

The public is invited to preview the new quarters at an open house tomorrow from 7 to 9 p. m., manager Joseph C. Crean said today.

The new, one-story brick building encloses an area of 5,330 square feet, replacing a structure with 2,780 square feet on ground and mezzanine levels.

As soon as the move is completed, the old building which has housed the branch for 39 years will be razed, clearing the way for a 15-car parking lot, according to Crean.

In the new quarters, a public lobby of 1,000 square feet, larger by half than the old one, is bordered by 12 teller stations at a low, streamlined counter, instead of the three teller windows the branch now has.

As a new convenience, a night depository has been added.

Off the spacious lobby are facilities for five bank officers, three more than the branch formerly had.

Other features include conference and staff rooms, a vault twice the size of the old one, and 470 safe deposit boxes.

Board Receives Puzzling Note On San Geronimo

A letter from the Marin County Parks and Recreation Commission asking that the county planning commission give special consideration to scenic aspects of the San Geronimo Valley in preparing its master plan was received by the county supervisors Monday afternoon—hours after final approval of the plan by the planners Monday morning.

This puzzled the supervisors considerably. They decided finally that consideration could be given to the parks and recreation findings next time around, when the plan moves into the supervisorial orbit next week.

The letter said a resolution had been unanimously adopted urging that redwoods, "part of the heritage of Marin County" be preserved along San Geronimo Drive. Supervisors concluded that the former route of Sir Francis Drake Boulevard was meant.

Doctors Join Staff

Drs. Albert H. White of Mill Valley and T. E. McCormick of Terra Linda have been added to the associate medical staff of San Rafael General Hospital, announced John H. Prescott, administrator. White is a specialist in internal medicine and McCormick is in general practice.

SORT OF A SEA SICKNESS

Marin Girl's 10-Year World Cruise Falls 'A Little' Short Of The Mark

By BRUCE COLEMAN

Four months and 23 days from the time Lisa Barnett set sail on a 10-year cruise around the world, she was back home in Sausalito.

"Too much time aboard and not enough time ashore with the people," said the attractive 18-year-old brunette. "I really wanted to know the people better. We spent a lot of time on board the boat, the 57-foot schooner Fairweather, and didn't get to delve into the people and their life."

The rest of the Fairweather crew, Miss Barnett added, plus a Panamanian cook, are now headed for the Marquesas Islands—still planning on a 10-year tour.

Miss Barnett, daughter of Mr. and Mrs. Dolph Barnett of 191 San Carlos Avenue, does not expect to stay put long. She and her parents plan to go to Mexico in September to travel "for a year or so."

The former College of Marin freshman left the ship May 28 and spent five weeks in Mexico City.

Aboard the Fairweather are William R. Adams; his wife, Suttie; three sons, Ricky, 19; John 16, and Pat, 7, and daughter, Suttie II, 10, all of Sausalito; Verne Hanson, 29, of Hawaii, and the cook.

LISA BARNETT
Not enough shore leave

The younger children studied daily from 9 a.m. to noon on the voyage, Miss Barnett said, under Mrs. Adam's tutoring.

The fairweather had its shakedown cruise from Sausalito to Los Angeles. It then sailed to Ensenada, Mexico.

"We did some terrific abalone fishing at Turtle Bay," the teen-ager declared. "Also a lot of underwater diving and spearing of fish." At the Village of Turtle Bay, she said, there were 100 grownups and 900 children.

"While there we saw a cow killed, cut up in pieces before our eyes and sold to the people.

"In April, we met the schooner Good Will out of Sausalito. It was Easter time and they gave us 180 eggs.

The water was so clear we could see three and one-half fathoms down. On Saturday nights we danced at the village."

She said a fleet of boats formed at Cap San Lucas and raced to Mazatlan. The Fairweather won. "One of the boats we raced was Don Stewart's Valerie Queen of Sausalito," said Miss Barnett.

She told of visiting the prison island of Maria Madre, where prisoners were loose from 6 a.m. to 6 p.m. and were allowed to have their wives and children with them. She also told of doing the washing on the rocks in the Mexican custom, taking baths under waterfalls, and visiting coconut, sugar and water cane plantations.

She took a bus up through Mexico and arrived home at dinner time on her mother's birthday.

Nine Marinites Win Grants For U.C. At Berkeley

Nine Marinites were among 359 Bay Area students awarded scholarships to the University of California at Berkeley for the 1961-62 school year, it was announced by the committee on undergraduate scholarships.

The students are: Tony Edward Smith of 43 Briar Road, Kentfield, George A. Douglass Scholarship; Nancy Elise Aunapu of 93 Lomita Drive, Mill Valley, Joseph Bonnheim Memorial Scholarship; James Keith Perry of 212 Cascade Drive, Mill Valley, Levi Strauss Scholarship; Barbara Susanna Bruff of 2144 Center Road, Novato, Levi Strauss Scholarship; Michele Ann Mereck of 100 Chamberlain, Novato, Genevieve McEnerney Scholarship.

Karen Lou Nelsen of 12 West Court, San Anselmo, Alumni Scholarship for entering students; George Thomas Carmona of 120 McCoy Road, San Rafael, Allen D. Wilson Memorial Scholarship; William Brad Hardin of 730 Del Ganado Road, San Rafael, Charles Parker Holt Scholarship; and Terrill Lester Wade of 16 Bretano Way, Greenbrae, Alumni scholarship for entering students.

The grants, which average about $400 each, are made on the basis of scholarship and need, or according to special conditions established by the donor.

HOMER MYTHS

Electronic Brain Finds Iliad Work Of One Poet

NEW YORK (UPI)—A Careful analysis of "The Iliad" by electronic computer has given the world impressive new evidence that the Greek classic is the work of one poet, a Columbia University doctoral candidate reported today.

"The Iliad" and "The Odyssey" are generally ascribed to the poet Homer, but classisists have suspected for many years that more than one author wrote the epics. No facts are known about Homer, though there may be some truth in the various myths about "the wandering, blind, old poet."

James McDonough, instructor in classics at St. Joseph's College, Philadelphia, reports that an IBM "650" computer has analyzed "The Iliad's 112,000 words according to their metrical use and revealed subtle stylistic mannerisms that point to a single creative talent.

McDonough prepared the study as a doctoral dissertation and is the first classical scholar to use machine computations in a stylistic study. It took him six months to code the problem on the computer and only one day to run off the study. Without the computer it would have taken many years.

The scholar now is interested in making a study of "The Odyssey" to see if it has subtleties of metrical style akin to those in "The Iliad." The epics are believed to have their origins in pre-historic Greece and were already old when they were recited quadrennially at the Panathenian games in Athens during the Classic Age and as a tribute to the great Homer.

The computer seems to have a great future as a literary detective considering the number of mysteries and disputes that exist in booklore.

Scholars believe, for instance, the "650" could bring new evidence to bear on whether William Shakespeare or Sir Francis Bacon wrote Shakespeare's plays.

Question Of Sash Weight As Weapon Goes To Court

Is a foot-long, 15-pound sash weight a weapon?

"No," insists Public Defender Peter Allen Smith, and Judge Leonard A. Thomas said in Marin Municipal Court Monday afternoon he was inclined to agree.

Smith and Deputy Dist. Atty. Charles L. Convis will argue the matter next Monday afternoon in the case of Peter Cantua, 26, of San Rafael, arrested Aug. 1 while carrying a sash weight.

Smith entered a demurrer to the charge against Cantua of carrying a concealed weapon, asserting it was based on a penal code section banning metal knuckles, billy clubs and other weapons by name—but nowhere mentioning sash weights.

Convis asked permission to change the language of the complaint but Smith objected. The judge then continued the case. Cantua is free on $525 bail.

Bountiful Search

BALTIMORE (AP)— In suburban Catonsville, Dorothy Easter and Bonnie Lee Harkins searched the grass only five minutes and came up with 32 four-leaf clovers and three five-leaf clovers.

San Rafael Girl Reported Missing

Police statewide have been notified to be on the lookout for a 16-year-old San Rafael girl reportedly eloping with a Navy sailor said to be AWOL from his base as well as already married.

The girl is Shirley Diane Edwards of 114 C Street, described by her mother, Mrs. Patricia Darlene Edwards, as five feet, four inches tall, red-haired and weighing 120 pounds.

Her companion, police said, is reported to be Kenny Tush, age unknown, who is wanted by the Navy for not reporting to the El Toro Naval Air Base at Santa Ana. Navy records indicate Tush is married and a father.

Theft Reported At Construction Site

Charles Boston, foreman of a work crew building the new San Rafael sewer plant, reported to the sheriff's office someone picked up two valve standards and a reducer valued at $100 Saturday or Sunday.

Boston, employed by W. R. Crail Construction, of San Diego, said the equipment had been lying on the ground at the construction site on North San Pedro Road near China Camp.

RICE DELMONICO, a seasoned rice dish with bright specks of pimiento and green onion plus a topping of sour cream and bacon, is an excellent start for a summer menu.

Rice Makes Excellent Summer Dish

A simple menu plus a large tray or rolling cart is your open sesame to frequent outdoor meals through the summer. Rice Delmonico, a seasoned rice dish with specks of pimiento and green onion plus a topping of sour cream and bacon, is an excellent start for a summer menu.

Add assorted cold meats or seafood, sliced tomatoes and cucumbers and you have a meal that can travel easily to porch or backyard at a minute's notice. Iced watermelon is nice when eating out and so much easier to maneuver than at the dining room table.

The kitchen stays cool when you make Rice Delmonico, too.

RICE DELMONICO

- 4 cups cooked rice
- 1 cup chopped green onion
- ⅓ cup chopped pimiento
- 1 tbsp. melted butter or margarine
- 1 tsp. sweet basil
- ½ tsp. salt
- ¼ tsp. pepper
- 1 cup sour cream
- 6 slices crisp bacon, crumbled

Combine rice, green onion, pimiento, butter and seasonings and mix well. Spoon into a well-buttered 2-quart casserole. Top with sour cream. Sprinkle with crisp bacon. Cover and bake 20 minutes at 400° F. Makes 6 servings.

PINEAPPLE SHRIMP MOLD is unique and will look pretty as a picture on your table at the buffet or luncheon. It has a "built-in" salad dressing which separates a layer of pineapple and a layer of shrimp in lime-flavored gelatin.

Don't Wait Till Labor Day To Pack The Picnic Basket

When the big Labor Day week-end arrives Sept. 2, how many of us will do our packing at the last moment, and in the process forget some item vital to the success of the picnic or cook-out?

With some families, it will be the can opener that is unaccountably left behind. Others will open their picnic baskets and find no salt or mustard. There will be no charcoal to cook the hamburgers with, or if the charcoal was remembered the starter fluid or paper and kindling was not. The forgotten items vary, but the reason for leaving them behind is always the same; failure to plan or, just as bad, failure to anticipate.

It's wise to foresee, for example, the possibility that the barbecue fireplaces may all be taken when you arrive, and to be prepared for this calamity by taking along a portable grill. Prepare, too, for the chance of being delayed en route by a flat tire or overheated radiator, and pack some snack with which to still the outraged cries of your loved ones.

A simple way to avoid much of the last-minute confusion is to pack a permanent picnic basket that will stay in the car and will contain all the basic equipment for any outing, besides serving as a snack kit.

If you carry a large jug and keep it filled with fresh, cool water, iced tea can be ready in a jiffy.

What should go in the basic picnic basket? Generally, the items can be divided into utensils and seasonings, as follows:

Utensils—knives, forks and spoons bundled snugly together with an elastic band; plastic-coated paper plates and cups; a sharp utility knife; one or two sauce pans; can opener. If you want hot water, include in the basket a cup heater of the type that plugs into the dash of your car or boat. Cleaning problems? Solve them with a few soap pads and a roll of paper towels.

Seasonings—sugar in a tightly closed jar; salt and pepper mixed in a single shaker container and sealed by foil or waxed paper under the shaker top; small jar of mustard.

With this basic picnic basket stored permanently in the car and available on any car trip, the homemaker has to concern herself only with the other foods planned for the particular week-end's picnic or cook-out. For the most part, these go directly into the refrigerated cooler or bag—sandwiches, or meats if this is to be a cook-out, salad greens, salad dressing and other condiments, fruit or some other dessert.

Blueberry Muffins With Wheat Germ Good For Family

These muffins are both nutritious and especially delicious.

Scrambled Eggs and Canadian Bacon
Fresh Vegetable Finger Salad
Blueberry Wheat Germ Muffins

BLUEBERRY WHEAT GERM MUFFINS

- 1 cup sifted flour
- 2 teaspoons double-acting baking powder
- ½ teaspoon salt
- ½ cup sugar
- ¾ cup wheat germ
- 1 egg
- ½ cup milk
- ¼ cup butter or margarine (melted and slightly cooled)
- 1 cup blueberries

Sift together into a mixing bowl the flour, baking powder, salt and sugar; stir in wheat germ. Beat egg until thick and ivory colored; add milk and beat to combine; stir in butter. Add to dry ingredients stirring just until they are moistened; fold in blue berries. Turn into buttered muffin pan. Bake in hot (400 degrees) oven 20 to 25 minutes or until cake tester inserted in center comes out clean. Serve at once. If muffin cups each hold ⅓ cup, this recipe will make 12 muffins.

Keep Whip Cream Around For Desserts

FROZEN CREAM

- 1 cup heavy cream
- 3 tablespoons confectioners sugar
- ½ to 1 teaspoon vanilla

Beat the cream until almost stiff. Add sugar and vanilla; beat until stiff. Place fluted paper baking cups in a muffin pan with 12 wells; the wells can be either very small or medium size, and paper cups should correspond. Spoon whipped cream into paper cups; freeze. Remove cream-filled paper cups from muffin pan and package for freezer storage. Cream may be served frozen or thawed. If desired, remove paper cups and cream will retain pretty fluted shape around sides. Makes 12 servings.

Simple New Version Of A Cold Soup

A simple new version of a cold soup that has become so popular it's a summer annual.

Cold Beet Soup Frances
Skillet Lamb Chops with Potatoes and other Vegetables
Bread Tray
Frosted Cookies Beverages

COLD BEET SOUP FRANCES

- 1 can (1 pound) cut beets
- 1 can (10½ ounces) condensed beef consomme
- 2 cups buttermilk
- 1½ tablespoons lemon juice
- 4 tablespoons dark brown sugar
- Salt and pepper

Drain beet juice into a container (at least 1½ quarts) that has a cover. Cut beets in thin strips and add with undiluted consomme, buttermilk and lemon juice. Add as much of the sugar as suits your taste; add salt and pepper to taste. Mix well, cover and chill. Makes 4 servings.

Dress Up Menus With Pretty Salads

Salads bring never ending variety to menus. And for all around helpfulness in salad making, canned pineapple is as versatile as lettuce in the way it combines with cheese, other fruits, chicken and shrimp.

This Pineapple Shrimp Mold has a "built-in" salad dressing which separates a layer of pineapple and a layer of shrimp encased in lime-flavored gelatin.

It's a colorful salad which will look prety on your table and can be the main attraction at buffet or luncheon. Watercress, radish roses, or pineapple chunks will make a glamorous garnish.

- 2 pks. lime-flavored gelatin
- 2 cups boiling water
- 2 cups cold water
- 1 tbsp. vinegar
- 1 tsp. salt
- 1½ cups pineapple chunks
- ½ cup mayonnaise
- 1 tbsp. grated onion
- 2 lbs. shrimp shelled, cleaned and cooked

PINEAPPLE SHRIMP MOLD

Dissolve gelatin in boiling water; stir in cold water, vinegar and salt. Chill until slightly thickened. Fold pineapple chunks into 1½ cups gelatin mixture; pour into 2 quart mold which has been rinsed in cold water; place in refrigerator. Fold mayonnaise and onion into 1 cup of remaining gelatin mixture; carefully pour over pineapple mixture; return to refrigerator. Fold shrimp into remaining 1½ cups gelatin mixture; carefully pour over mayonnaise gelatin. Chill in refrigerator until firm. Unmold before serving and garnish with watercress and radish roses if desired. Serves 6.

Fresh Corn Oysters

Fresh corn is a delicious flavor with fried chicken and baked ham. Served in "corn oysters" it can be made 2 or 3 hours before dinner and kept at serving temperature in a low-temperature-controlled gas oven. Grate 2 cups fresh corn. Add ¾ cup sifted flour, ¾ teaspoon salt, 1 teaspoon baking powder and 2 slightly beaten eggs. Mix all ingredients together. Heat 1 cup salad oil in a skillet over the "fry flame" on your gas range. Drop the corn mixture by small spoonfuls into the hot fat and fry until golden brown on both sides. Drain on absorbent paper. Keep warm 175 degrees.

New Salad Oil In Retail Stores

A new, unsaturated salad oil, marketed under the name of Western Chef, is being distributed by the Ranchers Cotton Oil, Fresno, in retail outlets throughout the western states.

The product comes in pint, quart and half gallon bottles. An innovation in packaging of salad oil is the half gallon bottle with an easy-to-use built-in glass handle. Company officials represent that the new product is polyunsaturated, a subject of interest to consumers concerned with a low cholesterol diet.

Labels besides illustrating various uses for frying, baking and in salads, point out that the product is a 100 per cent unsaturated California vegetable oil, refined as extracted without exposure to air or light. The oil will not smoke below 470 degrees, a new high smoke point for added life as a frying oil, the manufacturer states.

Quart and pint bottles come equipped with a no-drip pouring ring which helps to eliminate messy, hard-to-handle bottles, and soiled tablecloths.

Tahitian Theme Planned For Tiburon Dance

An exotic "Night in Tahiti" is promised party-goers who attend the Tiburon Peninsula Club's Aug. 19 dinner-dance.

Dinner, including Tahitian coffee, is being billed as a "native feast" by dance chairman, Mrs. George Berticivich who spent several months last year in Tahiti.

Polynesian dance music will be provided from 9 to 1 a.m. A floor show, scheduled for 10 p.m., will feature a native Tahitian dancer and a native drummer. Also appearing will be the Club's own Polynesian dance group, the Noni Iolani dancers.

Assisting with plans for the dance is Mrs. Robert Byrnes.

Reservations made at the club, will be limited in number.

Dinner will be served from 8 to 9 p.m.

Zeta Tau Alpha Meets Tomorrow

Zeta Tau Alpha Alumnae will gather at the home of Mrs. Jesse L. Carr in San Rafael tomorrow for an al fresco luncheon and swim party.

During the afternoon fall and winter plans will be made for the group, which has cerebral palsy as its philanthropy and has begun working to provide clothing for handicapped persons.

Canton Auxiliary Sets Luncheon For Dec. 1

At the recent meeting of Ladies Auxiliary to San Rafael Canton 39 Patriarchs Militant, IOOF, plans were made for a luncheon Dec. 1 at 11:30 a.m. at IOOF Hall, San Rafael. Proceeds will go for Christmas charities.

Les Vogels Jr. Entertaining At Large Cocktail Party Soon

By FLORENCE DONNELLY

The Les Vogels Jr. of Kent Woodlands have invited nearly a hundred guests to a cocktail party at their Kent Woodlands home Aug. 12. It will be an al fresco affair with beverages and hors d'oeuvres served in the gardens.

MR. AND MRS. RAYMOND LUCE of Kent Woodlands have been entertaining at several Sunday brunches. Guests arrived around 11 a.m. to enjoy swimming before a noon day repast. At the recent brunch guests were Marin County friends. The one before that was attended by friends from San Francisco and the Peninsula.

DR. ROBERT WARD, with his wife and their two daughters, Erica and Kathy, is visiting his mother, Mrs. Edward B. Ward of Belvedere. Doctor Ward, professor of political science at the University of Michigan, is working on a five years project, a study of the modernization of Japan. He and his family have just returned from there. The first of September they will leave for their home in Ann Arbor. In the interim Doctor Ward, his wife, children and mother will visit with his brother John Ward, and wife at Lake Tahoe. John and his wife with their six children are at their new home at Dollar Point.

IN THEIR OWN PLANE, a Cessna, Mr. and Mrs. Richard Peryam flew from New Orleans for a visit with his parents, Mr. and Mrs. Thomas W. Peryam of San Anselmo. With the visitors are their two children, Tom and Patricia. Richard, a geologist with the Union Oil Co., and his family lived in Cuba until the Castro regime. They moved to New Orleans a year and a half ago. Richard and his wife, with their children, have been dividing their time between his parents and hers, Mr. and Mrs. John Grinaker of Oakland.

Monday night the Thomas Peryams entertained at a family dinner. Also at the gathering were the hosts' son-in-law and daughter, Mr. and Mrs. Charles Shotts of Sacramento and their children, Sandra and Bobbie.

THE PINECREST home of Mr. and Mrs. George Goheen of Mill Valley has been the locale for Betty's two months' vacation. George was there part of the time but three weekends he attended the annual encampment at Bohemian Grove. Betty entertained a number of friends at Pinecrest including Dr. and Mrs. Ralph Scovel of Shingle Springs, formerly of Kent Woodlands, and the Theodore Kulps of San Francisco. The George Goheens Jr. and their four boys are at Pinecrest for the month of August. Betty will not go back to Pinecrest for some time as she wants to be here for the opening of the opera season Sept. 15.

Children's Theater Production Need Not Be Racy Modern Drama

Q) "My daughter is 15, and quite stage struck. Recently she took part in a children's theater summer production. Of course I went to see it. I was astonished to find the play was a very sophisticated bedroom drama. My daughter had some lines that would curl your hair. I saw the director afterward and objected. He laughed at me. He said all modern plays are racy. Later he told my girl that her father was a cornball. Now she's badly upset. Don't you think children's theaters should present only clean, decent plays?" C. B.

A) Indeed I do. There are dozens of good plays available for them. The director of your daughter's group has much to learn. Tell his employers about his mistakes.

Q) "My son enters high school soon. He is behind in reading. I see that a course in 'speed reading' will be offered. Would it help him?" B. S.

A) Probably it would not. A number of high schools now offer speed reading courses. They are planned to increase the reading speed of students who already read well. They aren't intended for students who are behind. Ask about a remedial reading course for your boy.

Q) "My son soon will be old enough to join the Cub Scouts. He has been invited into a nearby den. However, I have read many criticisms of Cub Scouts. People say the organization regiments boys. They say it is dominated by females, and that boys need masculine leadership. Should I let my son join?" J. Q.

A) Yes, by all means. The critics forget that children differ. Some boys thrive under the Cub Scout program. Others don't. I've never known of a boy to be hurt by it. Give your son a chance. If he doesn't like it, find a way for him to drop out gracefully.

Past Prexies Of BPW Club Entertained

Mary (Mrs. Harold) Summers, a past president of the Business and Professional Women's Club of Marin County was hostess at a luncheon Saturday for members of the Past Presidents Assn. of BPWC of Marin County at her Kent Woodlands home.

Present were Daisy Grant, Ada Fusselman, Lura Edna Ross, Letha Jenkins, Ester Rains, Barbara Hansen, Frances Mason, Hazel Field Pauline, Eulalie Field, June Brusati, Dorothy Brown, Ella Lossius, Bessie Walsh, Dorothy Olsen and Betty Weaver, who came from her home in Pacific Grove for the luncheon.

Letters of regret were received from Ora Lee Schusster of Santa Rosa, Hortense Buck of Fort Lauderdale, Fla. and Ethel Cobb Souza of Kentfield. Farewells were said to Mrs. Walsh, who with her daughter will make a tour of the British Isles, Mrs. Pauline and Mrs. Brown, who will tour Europe.

At the brief business meeting, Mrs. Fusselman was elected president and Mrs. Ross, secretary. The Meadow Club was chosen for the 1962 luncheon meeting.

Newlyweds Residing In San Francisco

Recently united at a nuptial mass at Holy Name Church in San Francisco were Mary Ann McArdle, daughter of Mr. and Mrs. James J. McArdle, and John Francis Burns, son of Mr. and Mrs. Cornelius Burns of San Rafael.

The ceremony was performed by the bridegroom's only brother, Rev. Cornelius J. Burns of St. Joseph's College in Mountain View.

Kathleen McArdle was maid of honor for her sister, and bridesmaids were Betty Tait and Alice Thompson.

Fred Codoni served as best man. Guests were escorted to their seats by the bride's brother, Patrick McArdle, and Frank Rinaldi and Jerry Souza, both of San Rafael.

The Reverends Daniel McAlister and George Johnson were also present in the sanctuary to witness the ceremony.

The bride attended San Francisco College for Women. John is a graduate of the University of San Francisco and is a certified public accountant with Price Waterhouse and Co.

The newlyweds are residing in San Francisco following their return from a honeymoon at Lake Tahoe.

LEAVING THE HOLY NAME CHURCH in San Francisco following their recent marriage are Mr. and Mrs. John Francis Burns. The bride is the former Mary Ann McArdle. The bridegroom is the son of Mr. and Mrs. Cornelius Burns of San Rafael. (Fireside Studio)

FAMILY FARE

Child Improves TV Taste If Given Encouragement

With the controversy over television as a boon or bogey, parents are liable to give up trying to follow the "it's good" "it's bad", "do this" or "don't do that" advice emanating from the hearings on programming and from child experts across the country. What should a parent do?

During the vacation months youngsters have a greater opportunity than ever to sit before the screen to watch whatever drama, interviews or comedy that is beamed at them. What are the parents' obligations?

One television critic has asked pointedly, "How many parents sit even once through programs viewed by their children?" He continues that many parents sit abhorring aloud the television program that is being used as an electronic babysitter at that very moment to keep the kids amused while the parents exclaim with horror over the monster, TV. In short, he concludes, inferior television is like the weather—everybody talks but nobody does anything.

He suggest that the way to raise the standard of children's television programs is to elevate the standards of entertainment in the children themselves. Parents help a youngster outgrow objectionable programs by watching and then discussing the shows with them, he says. He hopes this will result in a more discriminating audience and closer family relationships. Forbidding a program is more likely to drive a youngster to another one just as bad, but helping him to see that better programs are available will provide guidance and growth away from the inferior fare, the critic says. He states that a child's viewing hours should be strictly limited but within those limits he should have wide choice of what he will watch. By discussing the good and less good qualities afterward he will become something of an amateur critic and even if he persists in watching inferior programs, they will have less importance for him. Choice, not habit viewing, is what the man advocates.

Day Camp Ends For Brownies

The day camp session for Brownie Girl Scouts from Marinwood, Terra Linda, Santa Venetia, San Rafael, San Anselmo, Fairfax, Woodacre and Bolinas concluded at Sky Oaks, Fairfax with 140 girls participating.

Highlight of the two-week session was an overnight campout for 54 Brownies who will enter fourth grade in September. This is the first time Brownie Scouts have been able to enjoy overnight camping as part of the day camp program. Two Senior Scout program aides, Sue Klarkowski and Yvonne Julianus of Mariner Ship 132, were in complete charge of the campout.

Marriage Maker Tells Of Bait Needed To Catch A Millionaire

By JEAN SPRAIN WILSON

NEW YORK (AP)—What bait do you need to hook a millionaire husband?

Money, says Lee Morgan, modern marriage maker.

Lacking that, your only alternative is an academy-award-winning act of indifference to it.

The bankrolled bachelor, who never wants to be appreciated for his talented wallet, suspects the motives of the poor working girl. And only the most accomplished actress can keep from betraying herself.

That well-heeled gent who finds himself a little peroxide cutie from the chorus line, and the American heiress who eagerly shares her checkbook with a noble but needy European are just widely publicized exceptions to the rule, she claims.

The diminuitive, dark-haired cupid of Manhattan says that rich men are always much more at ease with ladies having similar bank accounts and backgrounds.

BLOOMING LOVE

Miss Morgan has been gathering evidence to support these arguments during five busy years of directing a scientific introduction service here. By means of psychological tests, interviews and courtship counseling, she sets the wedding bells to ringing from two to three times each week.

Among the 9,000 marriage-minded men and women she has counseled, most have better than average incomes, many are tax collectors' delights.

One such was a millionaire widower who had been happily married. "I'd like to share my wealth with some nice, poor girl," he told Miss Morgan in seeking a second wife.

"But his interests were not compatible with the career girls we introduced him to," sighs the 30-year-old former social worker. "We could have told him that. We finally introduced him to some nice, wealthy woman. He fell in love with her of course, and married her.

WILLING CANDIDATE

The Have-Nots usually think they are a good bargain at any price, and will adjust beautifully to having all the money they want. But neither is the case, according to Miss Morgan's records.

"I am a handsome young man of near-genius intellect. But I am not able to work hard because of a back injury. Therefore am willing to marry a well-to-do woman despite her age," she quotes from a recent letter.

After a tactful reply, the letter was filed among the unmarriageables. (Miss Morgan and her three counselors often urge such persons found to be emotionally unsuitable to connubial bliss to seek psychiatric help.)

But how about a quickie marriage with a little alimony to salve the wounds of parting?

The misery involved is hardly worth it, Miss Morgan insists. It reminds her of a client who married a rich man, lived a life of embarrassment, inferiority and rebellion against the dignity and tradition of her husband's world. She's now looking for a man whose background matches her own.

Don't let that "Miss" Morgan fool you. At New York University while getting her masters in sociology, she didn't need any tests to tell her that Eric Riss Ph.D. in human relations, was the right husband for her.

SUCCESSFUL TRY

Her interest in the plight of lonely people, and his experiences as a marriage counselor later led them to a six-month experiment with the scientific introduction service. Their services were in such demand and their work so satisfying that they're still going strong, Miss Morgan serving as the director. Fees cover introductions, with no additional charge for wedding bells.

Don't assume, either, that homely old maids and gauche, dull men come to their busy office as a last resort.

"We have really beautiful girls, actresses, nobility, airline stewardesses — girls tired of running around in circles dating the wrong kind of men," says Miss Morgan.

"Many of our men are in 'Who's Who.' They run the gamut of professions. 'Save me from contrived dinners by well-meaning friends,' they tell me."

She also saves them from fortune-hunters.

THE LIGHTER SIDE

He Writes Song Designed To Stamp Out Folk Music

By DICK WEST

WASHINGTON (UPI)— During the course of a cross-country trip last month, I made a sort of grass-roots survey of the status of folk music in various areas of the nation.

I wanted to see if any popular support was developing for a campaign I instituted earlier this summer to stamp out folk singing, which, it seemed to me, was getting out of hand, not to mention out of tune.

In all honesty, I must report that my campaign seems doomed to failure. Judging from what I heard on my car radio, folk singing is more prevalent, or virulent, than ever.

At one point, I ran across an album of folk songs commemorating events that never happened, such as one praising Neville Chamberlain for his success in preventing World War II.

Another album that came to my attention contained futuristic folk songs, including one that mourned over the unrequited love of an electronic computer.

HAD FAILED

These things convinced me that I had failed to stimulate a mass uprising against folk singers. All that I stimulated was a mass uprising of folk singer against me.

Very well. So be it. I'm not the type to brood over lost causes. In fact, adopting the old credo that "If you can't lick 'em, etc.," I have decided to take up folk singing myself.

What is more, I am writing my own material. I have already finished one number, which ought to do for folk music what Liberace did for Chopin.

In the tradition of making folk music topical, I selected as the subject of my song a recent report issued by a House agriculture subcommittee. It bespoke the need for farmers to improve their public relations and thus create a better "image" of themselves.

As I was reading the report, I began to have visions of some of the public relations men that I know venturing out into the rural areas to sign up farmers as clients.

SIMPLE MATTER

It was a relatively simple matter to incorporate these visions in a set of folk song lyrics, the first verse and chorus of which I offer for your inspection below.

"I dreamed I saw a P.R. man,
"Way down yonder in de corn field.
"A puzzled look upon his pan,
"Way down yonder in de corn field.
"Didn't know a shovel from a hoe,
"And that ain't all he didn't know.
"He thought that corn grew in a can,
"Way down yonder in de corn field."

Chorus

"Zoom-zoom-zoom, Zoom-zoom-zoom,
"Zoom- zoom-zoom, and a Hi Lee ivy."

The title of my song is "The Ballad of the Blue Suede Brogans." It can be sung to any tune that happens to come to mind, preferably while someone is plunking a mandolin.

MRS. HALL RENO BRIDE

Residing at her home in Fairfax are Mr. and Mrs. Max H. Margolis, who were recently married in Reno. The ceremony took place at the Presbyterian Church and Rev. Felix B. Manley officiated. Mr. and Mrs. William Rose of Reno were the wedding attendants.

The bride, the former Mrs. Lorraine Hall, has three sons, Arthur M. Hall and Robert G. Hall of San Francisco and Gary F. Hall, a sophomore student at University of California.

The bridegroom, owner of Approved Television Service at Montecito Shopping Center, San Rafael, has one daughter, Mrs. Harold Auerham. She, her doctor-husband and children live in Fortuna.

Redwood Garden Club To Hear R. T. Straw

Richard T. Sraw, commissioner of Marin County's agricultural department, will discuss sprays and insecticides with members of the Redwood Shade Garden Club Friday. The group will meet at Whittaker Hall, St. Stephen's, Belvedere, at 8 p.m.

The Redwood Shade Garden Club will have an exhibit at the Petaluma show opening Aug. 10. New members and guests are welcome to attend.

Tomorrow's Your Last Chance To Protest Taxes

Tomorrow is your last chance to do anything about the county budget for 1961-62; thus it is also your last chance to do anything about your 1961-62 county tax bill.

Tomorrow at 9 a.m. the Board of Supervisors will meet in the County Courthouse to fix the final budget of the county. Any taxpayer may appear at that time and be heard regarding the increase, decrease or omission of any item of the budget or inclusion of additional items.

Now we aren't encouraging you that you'll be very effective tomorrow. Things have gone pretty far in the planning for the current year and unless you have some really convincing arguments, we doubt you'll be able to change the outcome much.

Actually, you've had since last July, when the preliminary budget was printed and introduced, to study the county's financial problems. There have been numerous occasions since, when you could have put your ideas before the supervisors. But you certainly have the right to try now.

Frankly, we wish the supervisors' chambers would be filled with people with ideas. But we know this won't happen. Instead, maybe two or three spectators will be in the audience. Probably none of them will have a thing to say about a record 12½ million dollar budget.

This the strange part of the type of person known as homo taxpayero. You can tell him that his tax bill is caused by the size of the budget, but he won't listen. You can tell him his share of the tax bill is directly related to the assessed value of his property. You can warn him that he must protest while the budget is being compiled about the high cost of government, and during a protest period for assessments.

But no one hears a word from him until he receive his tax bill. Then there is a scream. He's too late!

Tomorrow's your last chance to scream when it might do some good.

Gastronomic Glories

Summer is the season of the stomach. This is especially true in California where the vegetable patch produces earlier than in the rest of the country.

What is better than a salad of good home-grown lettuce? Or sweet home-grown corn on the cob? You can't buy products half as tasty as they are when grown in our own Marin gardens.

And fruits? Lucky is the man with fruit trees in his garden. Tree-ripened plums and peaches and nectarines and apricots have a much sweeter, more flavorful taste than those which are picked green and trucked in.

And to round out summer for the Marinites' stomach, there is the neighbor who fishes and shares with us his string of trout or his salmon.

The gastronomic glories of our county are regularly chronicled in the food section of the I-J, but we could not resist pointing out another pleasant aspect of Marin.

THREE MINUTES A DAY

By JAMES KELLER

GOOD GOVERNMENT STARTS WITH YOU

Although 6,000 persons were invited to a bipartisan political discussion shortly before the last election, only 12 persons showed up.

The dozen on hand consisted of the four candidates for the state legislature, who were to participate in the panel, their two campaign managers, three members of the civic group sponsoring the affair and three newsmen.

It didn't take long for the lonely 12 to call off the discussion.

There's little chance of maintaining or strengthening the processes of good government when most people take a "let George do it" attitude in regard to their personal responsibilities of citizenship.

God entrusts us with the blessings of liberty but He also expects us to fulfill the obligations that accompany these precious rights.

If you remember that good government starts with you, you will be more apt to remind others of their civic duties.

"The good works are manifest and those that are otherwise cannot be hidden."
(1 Timothy 5:25)

Let me show by my performance, O Lord, that I appreciate the blessings of freedom.

HAL BOYLE'S COLUMN

As You Travel Life's Long Road How Many Dreams Are Collected

NEW YORK (AP) — Everybody has unfinished business in his life.

It consists of all the things he'd like to do or get — but somehow, for one reason or another, never does.

Some of the things may seem quite important and, unachieved, may leave a visible scar. Others are only foolish wistful daydreams—vagrant yearnings, zany impulses, small vanities unexpressed. Their defeat impels us to no regret beyand a wry sigh and the philosophical observation, "Well, that's life for you."

Each man builds up his own file of unfinished business—his private portfolio of the wished-for but unattained—as he goes along from childhood through adulthood, and if he keeps his zest for living the file gets bigger and bigger.

For example, somewhere along the way I've wanted to do such things as:

Climb the Empire State Building and the Statue of Liberty.

Eat a second garlic-buttered snail. The first one seemed awfully filling at the time.

Show Brigitte Bardot the Taj Mahal by moonlight.

Attend an informal dinner party at the White House.

Tie a bow tie just once that didn't look as if it had been assembled by a man with 10 thumbs.

Find cures for the common cold and the uncommon hangover.

Talk to Socrates, Voltaire and Emily Dickinson at a spiritualist's seance.

Grow a beard, without winding up looking like a beatnik.

Grow a mustache without looking like a 19th century bartender, or John L. Sullivan gone to pot.

Learn to carry a tune, any tune, any tune in the whole wide world.

Become proficient in one other language besides English and pig Latin.

Own a house by the sea with three bedrooms and 97 bathrooms—one more than any wife can fill with dripping stockings hung up to dry.

Better Horses Than Hot-Rods

EDITOR,
Independent-Journal:

In answer to Mrs. Cresap's letter on the subject of horses on the San Anselmo section of Butterfield Road:

How much better it is to see youngsters on horses than riding in hot-rods. As to frightening children, what about the cars that roar down Butterfield day and night? There lies a real danger to children!

Obviously Mrs. Cresap has little knowledge of horses or their gaits; no one would ever gallop a horse down the road. A rider might put his into a slow lope on the dirt portion, which would harm no one.

As far as a little manure on the road is concerned, I would suggest that Mrs. Cresap get a shovel and box and save this excellent fertilizer. It would be free, too.

It seems that Mrs. Cresap is of the opinion that the only horses around are from Sleepy Hollow. This is not true. I know most of the youngsters that ride over that section of Butterfield and most of them are from Fairfax coming over to visit friends in the Hollow. Her remark to the effect that ownership of a horse indicates high social prestige is ridiculous. I know for a fact that many of the youngsters who own horses have spent many months earning the money to buy a horse of their own.

As for the threat of a citizen's arrest, be careful of false arrest. Is there a speed limit for horses on Butterfield Road?

How To Protect Boys From Dog?

EDITOR,
Independent-Journal:

On Aug. 1, my 10-year-old boy rode his bike down our hill in Marin Estates when he was chased by a yicious dog that jumped him, causing him to fall off his bike.

A witness brought him home with a bad cut on his elbow which took five stitches inside and five stitches on the outside to close.

We have complained to the owners and the police for over a year and nothing was done. This time I called the police and they told me there was nothing they could do, "I should have my boys throw rocks or kick the dog when it chases them."

They can't throw rocks when they're going down a hill and the dog is getting meaner anyway.

The Humane Society said there was nothing for them to do, but if we could catch the dog, they would come pick it up.

The sheriff's office explained they could do nothing, but felt it was the Humane Society's job to catch the dog, not our's.

Obviously the dog is protected since it is still loose. How do I protect my boys and other children?

Some Things Aren't Funny

EDITOR,
Independent-Journal:

It's not funny!

This is in reference to an article appearing in the Independent-Journal on Saturday, Aug. 5, under the heading "Alcoholic Not So Anonymous."

I consider the element of humor injected into the article in poor taste. There is certainly nothing humorous about a human being who is afflicted with the disease of alcoholism. The church likewise sees no humor in an incident involving the theft of elements set aside for sacramental purposes.

Aside from the above, I want to correct an inaccurate quote attributed to me. The article stated that I reported to the police that the alcoholic in question had been "kicked out of the organization" (A. A.). Not only is this inaccurate, but impossible. The organization of Alcoholics Anonymous has only one membership requirement, a sincere desire to stop drinking on the part of the individual.

I have never known the organization to take action against any person. To the contrary, they have welcomed back any person who has made a "slip." This would apply to the individual in question as far as the organization is concerned, and I might add, as far as I am concerned.

Some of our more "respectable" social and civic organizations might well emulate the tolerance which the membership of A. A. has learned to express over against fellow human beings.

The reporter responsible for this article, for his own enlightenment, should attend one of the A.A. meetings which are now held every night of the week somewhere in Marin County.

BENNETT CERF

Latest flash from Dallas concerns the oil tycoon who nailed his 8-year-old offspring lighting a cigarette with a one-thousand-dollar bill. "How often have I told you," remonstrated the outraged parent, "that you're too young to smoke!"

The same tycoon, however, shares a common failing: he doesn't think overworked doctors are entitled to charge a fair fee for visits often made in the dead of night. Angrily shaking a thoroughly fair bill from his private medico for pulling him through a severe virus attack, he exploded, "This is outrageous. In the good old days I could have been sick for a whole year for this!"

For one historic doubleheader, the owners of the old St. Louis Cardinals baseball club (known as the Gashouse Gang) hired a band. Dizzy Dean ran out to centerfield to confer with the leader, with the result that when the trio of umpires appeared for action, the band struck up "Three Blind Mice."

One of the umps pointed a finger at Dizzy and told him, "I ain't got no proof of who done this, but I got eight to one it wasn't nobody else but you!"

After Nuclear Blast, There Won't Be Much Charm Left to Marin County

If the so-called human race has wasted uncounted aeons in evolving merely toward final blast and a whimper, should Marin County set its face against progress by pathetic efforts to survive?

In other words, include me out if Bill Fusselman and Lou Mountanos really plan for a chain of community bomb-proofs.

When they call the roll up yonder, I'd really rather be there. All the best people are going, I surmise.

TWO MINUTES after nuclear catastrophe, there won't be much charm left even to Marin County. In fact there won't be much of anything left. And what there is, a cat wouldn't have if there were any cats, which there won't be.

Don't get me wrong. I have had some good times in the past, playing tag with the old-fashioned kind of bombs and huddling deep like a mole.

Chungking, far up China's Yangtze in the end of nowhere, was no town to value but just the same we dove down our caves and came out blinking to see what hadn't blown up or burned down. We were still interested.

BUT THE KIND of stuff they'll be throwing next time, if there is a next time, discourages me. Evidently it discourages others from even being candid about the prospects, as witness the sidesplitting double-talk on last week's Marin Sounding Board panel.

Somebody asked how much time an intercontinental ballistic missile gives one.

The answer was in two sections: (A) When the missile starts coming, its speed will be ascertained. (B) From then on the time will grow shorter and shorter. True, brother, true!—as far as it goes.

In contrast, Fusselman showed refreshing candor in terming Marin County evacuation signs "idiotic" and promising they'll be uprooted. His notion was that they lead to a cheese factory.

All our escape roads, even from Washington, lead to the cheese factory.

My sympathies in this situation are all with both Fusselman and Mountanos. They feel that since the civil defense job is on their backs they'll march. That is courageous and I only wish they could be given better guideposts than to cheese factories.

Nor am I wholly without hope that ourw orld will go on—better, in due time, perhaps. Armageddon has been staved off so far. Why stop Now?

ONE COULD BE a little more cheerful overall if we showed more sense in what we do, as well as in the disaster we haven't brought on ourselves up to presently.

We seem right on the point of flying to the moon at a time when we haven't civilized our own earth. What overpopulation has done to such places as China and India doesn't lead to any sort of intelligent concerted effort to abate the frightening population explosion in thus-far-lucky U.S.A.

Despite the way we lambaste officials in Marin County, their efforts to do the right thing are seldom matched by the way the electorate responds to such challenge as repeated county hospital bond elections.

IF AT THIS stage our supervisors want to build a new hospital and slap it on the tax rate, I for one won't holler, unless with relief.

But it's the truth that I can't with equanimity view the notion of spending a single penny on community bomb shelters which virtually everybody could have on an individual basis if willing to part with the price of a cheap car. Few do.

No doubt there will be some attractive proposal to dig now, pay later.

It's already later.

Red Promises Extravagant But We Should Welcome More For People

WASHINGTON — One of the most revealing things about the Soviet Communist Party's new 20-year plan—a compact little platform of 51,000 words — is the extravagance of its promises.

From free medicine to free meals they are promising the Soviet people just about everything—except, of course, freedom.

Regardless of whether the Communist dictatorship either intends or is able to make good its promises, it is significant that the Kremlin is so concerned about the state of Soviet public opinion that it has to pretend to promise so much.

Above all else this fact marks a central difference between the Stalin regime, which sought to lash the Soviet people by fear and terror, and the Khrushchev regime, which is seeking to galvanize the Communist economy by offering the incentive of economic hope.

THE NEW Communist Party program, which avows that it will match U. S. affluence in 10 years and outstrip it in 20, is a form of de-Stalinization by grandiose promise.

But the promises are still far more apparent than real.

Khrushchev talks about giving the Russian people more consumer goods at lower prices for less work. But the substance of his program is to keep building up heavy industry at the sacrifice of the consumer.

Khrushchev talks about wishing to avoid war, but the substance of his actions — in Berlin, in Laos, and elsewhere —is to risk war in the hope that the West will appease.

Khrushchev talks about a "fraternal alliance" with the underdeveloped nations, but the Communist objective is to try to impose Communist governments by whatever means will most likely do it.

KRUSHCHEV TALKS about "self-determination" for every people, but denies self-determination to the peoples of Eastern Europe on whom he could, if he believed in self-determination, bestow it.

Khrushchev talks about "peaceful co-existence," but its meaning is summed up by President Kennedy who says the Soviet position is: "What's mine is mine; what's yours is negotiable."

By this time the Soviet people must be pretty experienced in reading the fine print in Kremlin announcements. They will find that the promises are vague and the methods of avoiding them kept well within reach. The platform promises generally more consumer goods, but proposes specifically a nearly 300 per cent increase in the production of steel for non-consumer goods.

IT SEEMS TO ME that the prospect of a better economic life for the Soviet people should be welcomed. The Soviet challenge should be a spur to our own efforts — by industry, by labor, by government—to speed our own rate of healthy growth.

But the American ideal is neither expressed by, nor bounded by, either Marx or Lenin, Stalin or Khrushchev. The American ideal is a good life for all its people in an environment of freedom and under a government resting on the consent of the governed.

Let Khrushchev match that.

ALMANAC

Today is Wednesday, Aug. 9, the 221st day of the year with 144 to follow.

The moon is approaching its new phase.

The morning stars are Venus and Jupiter.

The evening stars are Mars, Saturn and Jupiter.

On this day in history:

In 1593, the so-called "Father of Angling," Isaak Walton, was born.

In 1831, the first train in the U.S. to be drawn by a steam locomotive made a run between Albany and Schenectady, N.Y.

In 1902, the Prince of Wales, son of Queen Victoria, was crowned King Edward VII of Great Britain.

In 1945, the second atom bomb was dropped on Japan. More than half of Nagasaki was destroyed. Almost 40,000 of the city's 250,000 population were killed and 80,000 were injured.

A thought for today: Isaak Walton said: "Good company and good discourse are the very sinews of virtue."

Opening lead — ♣ Q

Declarer ruffs the first club in dummy and draws two rounds of trumps, and must then decide whether to tackle hearts or diamonds first.

If dummy had five hearts instead of five diamonds, the choice would be easy. South would tackle the hearts because he could eventually discard two diamonds on the fourth and fifth hearts. Since dummy has only four hearts, however, South cannot get rid of his diamonds even if the heart finesse should succeed.

If South foolishly tries the heart finesse first, he goes down. East wins with the king of hearts and returns a heart. Later, East gets a diamond trick as well.

DIAMONDS: South should begin with the diamonds instead of the hearts. He cashes the king of diamonds and leads a low diamond next. If West followed with a low diamond, declarer would finesse dummy's jack. Since West actually discards a club, declarer puts up dummy's ace of diamonds and gives East the queen of diamonds.

The idea is to let East win the queen of diamonds (if he has it) at a point when he has no other diamonds. This means that East must return a heart or a club.

Either return gives South the help he needs to avoid the loss of a heart trick. South will eventually discard a heart on dummy's fifth diamond. East's forced return takes care of South's other heart loser. That is, a heart return by East gives dummy a free finesse; and a club return allows South to discard a heart while dummy ruffs.

DAILY QUESTION: As dealer, you hold:

♠ A K J 8 5
♥ 10 9 8
♦ K 8 7 2
♣ K

What do you say?

Answer: Bid one spade. You would have a reasonable, but borderline, opening bid if your singleton club were the deuce. The singleton king is not 3 points more valuable than a singleton deuce, but the added value is surely enough to make this a sound rather than a borderline opening bid.

'Mentally Gifted' Test For Children

Children in second through seventh grades in the Mill Valley School District will be tested in October to see if they are "mentally gifted" if the State Department of Education grants $5,400 asked by the district.

Some 2,000 children would take the achievement and intelligence tests, Supt. G. Robert McConnell said.

The state-financed testing would be followed by individual testing.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

THE MILL CREEK
"THE MOST MAGNIFICENT ADDRESS IN MARIN"
My family is raised. We wish to sell our home with its upkeep and loss of interest and move into an apt. But it must be very large and gorgeous. A 1-bedroom (900 sq. ft.) or 2 bedrm., 2 bath (1200 sq. ft.) We want Country-Park-like setting with tall beautiful redwood trees, a live creek meandering through the property. Must be level, and walking distance to the quaint downtown shopping of Mill Valley . . . OH DEAR! We have just wished ourselves into the MILL CREEK. You will too if you see this unbelievable setting. From $145. Adults.

West Marin School Budget Is Adopted

With another slight boost of $50, the final budget for West Marin School District was adopted Monday night at a brief meeting of the district trustees.

The final amount was set at $116,738, up from the $116,683 whichc had been regarded as virtually set and which in turn was about $800 higher than the preliminary budget.

Since the budget represents an increase of around $12,000 over last year, Supt. George Stratton has estimated that the tax rate will be about $1.92 from last year's $1.83. This includes $1.50 general purpose tax, 12-cent override for retirement and classes for mentally retarded, and about 30 cents for bond retirement.

The meeting learned that kindergarten opening will be delayed to around Sept. 15 due to construction work.

Talent Show Set For Marin City

A talent show will be given at 8 p. m. Friday in the Marin City gymnasium under the community services district summer recreation program.

Persons interested in entering the show may see Mrs. Santafe Moses, director, before tomorrow noon.

An open house will be held for parents and youngsters at 10 a. m. Friday in Room 9 of Manzanita School as part of the summer recreation program, director Juanita Cobb said.

Toastmasters Club Governor Appointed

William Poulopoulos of 314 Miller Avenue, Mill Valley, has been appointed area governor of Toastmasters International for Marin County through action of international headquarters in Santa Ana, it was announced today.

A seven-year member of the club, Poulopoulos will have jurisdiction over three Marin County groups — Marin 890, Tamalpais-San Rafael, and Novato, each of which holds weekly meetings.

Each body cell is capable of going through 2,000 to 5,000 different chemical reactions.

TIRE DOES JOB OF TWO

E. J. Lambretti, a truck driver for McPhail's Inc. of San Rafael, looks up at one of the huge tires sold by San Rafael Tire and Brake Co. of 666 Irwin Street, distributor of Firestone Tires. This tire takes the place of dual tires. McPhail's is testing the new tires on the truck which Lambretti drives. The above mixing truck is the only truck testing the new tires in Northern California, says Art Brodi, partner in the tire company. (Independent-Journal photo)

MARIN BUSINESS And INDUSTRY

(A Thrice-Weekly Column)
By HARRY CRAFT

Kingston Trio Multiplying Their Interests In County

Now heavy Marin investors, the Kingston Trio whose most recent and spectacular venture in the county is the newly opened Trident in Sausalito, have expanded their interests in many directions.

Through two of their corporations, the Kingston Trio, Inc. and Kingston Properties Limited, they have built a pair of $50,000 homes in Sausalito, purchased 40 acres of land for future development on Gold Hill Road, San Rafael, and apartment houses in Strawberry. Last year they bought the eight-story Columbus Tower in San Francisco.

A spokesman for the trio indicates that still further Marin County holdings will be acquired in the near future—but no details have been given.

TERRA LINDA GARDENS, the co-op housing project that opened in Marin last May, now has more than half of its 160 units membership-contracted, according to Leonard Krupnick who has been acting as sales manager and administrator. A barbecue dinner will be held Saturday for new and prospective members and their families.

We understand that Paul Golz, vicep resident of the F.C. Housing Co., Inc., the developers, has just returned from South America where he was United States representative teaching Chileans to build and finance cooperative apartment homes. He started his career in this field many years ago in Europe and has worked on it intensively on the American east coast.

ANOTHER MARIN FIRM we've found to be doing quite a bit of out of county business is the William H. McDevitt Construction Co., San Rafael. McDevitt has built heavily in San Francisco, including the 52-unit Wharf Motel, a large addition to the Fisherman's Wharf area, the 40-unit Motel de Ville on Lombard Street, and the Grabler Co. warehouse at Sixth and Townsend.

Notable McDevitt projects in Marin have been three United Markets and numerous apartment houses.

"ME, TOO," says commercial lensman Ken Molino, whose talents seem to have been recognized elsewhere than within the county. "I do a lot in San Francisco and now I'm working as far away as Milpitas."

CRUISING SOMEWHERE aboard the escort carrier USS Coral Sea as guests of the Navy and the National Security Industrial Assn., are three Marin men—Robert Fortini of Belvedere, Harold W. Evans of San Rafael and George A. Fritz, also of Belvedere and regional vice president of the NSIA.

They left Sunday to witness day and night landings of carrier based aircraft and will return Friday.

OTHER MARINITES IN BUSINESS: Robert A. Lathrop of San Rafael, former assistant division engineer for the NWP Railroad is assured of continuing in the same work even if the NWP doesn't — he's been made senior ditto for the Coast Division of S.P. . . . Realtor Mabelle Culpepper of Larkspur has just been awarded the honorary title of Member Emeritus of the Marin County Association of Insurance Agents for meritorious service . . . Aladino Nicolai of Greenbrae who has a market in SF was a winner in a recent Kraft Foods contest. He walked off with a vacation cabin and lot, 17-foot cabin cruiser, outboard and trailer . . . Al Shell of Sleepy Hollow who has his own truck and trailer rental service in SF has been elected vice president and member of the exec committee of Nationwide Trailer Rental Systems, Inc.

New Planner Named To Belvedere Unit

Merritt K. Ruddock, a Belvedere mining executive, was appointed to the Belvedere Planning Commission Monday night by the city council to fill the unexpired term of Joseph Marshall, who has moved from the city.

Ruddock and his wife, Margaret, live at 131 Golden Gate Avenue.

Colonel Ice Retires At Hamilton Base

Col. Thew W. Ice Jr., formerly commander of the Western Communications Region at Hamilton Air Force Base, has retired after 27 years of military service.

His military career began in 1926 with the National Guard Cavalry. He was graduated from the U.S. Military Academy at West Point in 1934.

During World War II, Ice was assigned to the African and European theaters. His awards include the Bronze Star and the Air Force and Army Commendation medals.

He commanded the communications region (formerly the Western Airways and Air Communications Region) from 1958 until his retirement July 31. He and his family now are residing in New York.

Command of the region has been taken over by Col. Guy H. Rockey. Rockey served in the Pacific in World War II and is a graduate of the Air War College. He was base commander and vice commander at Wiesbaden (Germany) Air Force Base from 1954 to 1956.

Why "Good-Time Charlie" Suffers Uneasy Bladder

Unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills act 3 ways for speedy relief. 1—They have a soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. New, large, economy size saves money. Get Doan's Pills today.

Grammar School Alumni Barbecue

The Nicasio Grammar School Alumni Assn. will hold its annual chicken barbecue and reunion Saturday at 7:30 p. m. at Rancho Nicasio.

The program includes entertainment and music for dancing by Jack Barnes and his orchestra.

Arrangements are being handled by a committee headed by Francis Rodgers as chairman.

Proceeds from the yearly reunions are used to assist the Mothers' Club of Nicasio School.
